Agenda Item 8.II. Grant of Distribution Easement to Duke Energy

[Begin Agenda Memo]

SYNOPSIS

The City Commission will consider granting Duke Energy Florida, Inc. a 10-foot Easement for the City property located 440 South Airport Road.

RECOMMENDATION

It is recommended that the City Commission grant Duke Energy Florida, Inc. a 10-foot distribution easement for the City property located at 440 South Airport Road (Lake Wales Municipal Airport).

BACKGROUND

In July 2015, the City Commission approved a ground lease at the Lake Wales Municipal Airport with Terry Short Aircraft Services to build a hangar. In addition to building the hangar Mr. Short wants to have three (3) street light poles installed for the hangar.

There are existing street lights in this section but according to Duke Energy records, there was never an easement granted for this section.

Duke Energy Florida, Inc. informed the Terry Short Aircraft Services that in order to move forward with the installation of the light poles, they are requiring a 10-foot distribution easement.

FISCAL IMPACT

None, all cost associated with the installation and monthly electric bill is the responsibility of Terry Short Aircraft Services.

Agenda Item 10.1 Ordinance 2016-01, Amendments to Zoning, Land Use and Development Regulations – 1st Reading

[Begin Agenda Memo]

SYNOPSIS

This ordinance addresses housekeeping issues related to Board membership, Lots and Structures, Fences and Hedges, as well as miscellaneous scrivener's errors.

RECOMMENDATION

Staff recommends the approval of Ordinance 2016-01 after first reading. A public hearing is not required.

The Planning and Zoning Board held a public hearing on December 9, 2015 and recommended favorably for the approval of the proposed amendments.

BACKGROUND

Most of the amendments are housekeeping in nature. They correct misspellings and insert words that were inadvertently left out.

Section 1 of the ordinance proposes an amendment increasing the number of Planning Board members that can reside outside the city, but must own property within the city limits, from one (1) to three (3) members. The Board is made up of seven (7) members therefore the majority of the membership would still require residency. The Planning Board discussed this amendment at length and on a three (3) to one (1) vote recommended approval.

Section 2 proposes an increase in the number of principal buildings on a lot that can be approved as a major site plan from two (2) to four (4). This will streamline some of the approval process and may encourage development. The Planning Board unanimously supported this amendment.

Sections 3, 4, 5, 6, and 8 deal with scrivener's errors such as misspelling and omitted words.

Section 7 proposes to allow an administrative approval of an increase in fence height from four (4) feet up to six (6) feet in a functional side yard. This would be applicable for corner lots that by design have two front yards by regulatory definition, but one functions as a side yard.

FISCAL IMPACT

The amendments have no identifiable fiscal impact themselves.

OTHER OPTIONS

City Commission may modify the proposed amendments as determined appropriate.

[End Agenda Memo]

City Clerk Clara VanBlargan read Ordinance 2016-01 by title only:

Planning & Development Director Kathy Bangley reviewed Agenda Item 10.I. and explained the proposed changes recommended by the Planning & Zoning Board.

Agenda Item 10.II. Ordinance 2016-02, Amendments to Chapter 12 – Health Sanitation, Nuisances, and Minimum Property Maintenance Standards – 1st Reading

[Begin Agenda Memo]

SYNOPSIS

This ordinance addresses housekeeping issues such as numbering, code enforcement oversight, redundancies, clarification of responsibilities, reference to the International Property Maintenance Code, addition of sections for dead trees and conditions dangerous to children.

RECOMMENDATION

Staff recommends the approval of Ordinance 2016-02 after first reading. A public hearing is not required.

BACKGROUND

In 2012 when the last amendment to Chapter 12 was initiated the numbering was not integrated as well as it could have been. This is being corrected with this amendment. The Code Enforcement Division has been made part of the Department of Planning and Development so this is reflected in the amendment.

An effort has been made to remove redundancies from the chapter and to clarify responsibilities of all parties including staff and citizenry.

Staff is recommending additional detail for dead trees as well as conditions that may pose a danger to children.

FISCAL IMPACT

The amendments have no identifiable fiscal impact themselves.

OTHER OPTIONS

City Commission may modify the proposed amendments as determined appropriate.

[End Agenda Memo]

City Clerk Clara VanBlargan read Ordinance 2016-02 by title only:

(Amendments to Chapter 12, Health, Sanitation, Nuisances, and Minimum Property Maintenance Standards)

AN ORDINANCE OF THE CITY OF LAKE WALES, POLK COUNTY, FLORIDA, AMENDING LAKE WALES CODE OF ORDINANCES, CHAPTER 12, HEALTH, SANITATION, NUISANCES, AND MINIMUM PROPERTY MAINTENANCE STANDARDS; RENUMBERING SECTIONS TO FIT OVERALL CODE NUMBERING SYSTEM, CLARIFYING RESPONSIBILITIES; REMOVING REDUNDANCIES; UPDATING CROSS REFERENCES WITH OTHER SECTIONS OF CODE; ADDING DEAD TREES AND

PROHIBITING CONDITIONS DANGEROUS FOR CHILDREN; PROVIDING FOR SEVERABILITY, AND PROVIDING FOR AN EFFECTIVE DATE.

Planning & Development Director Kathy Bangley reviewed Agenda Item 10.II. She explained the proposed changes and said there are two proposed additions recommended because the Code is not too clear: Sec. 12-233.5, Dead Trees, Limbs, Branches, and Accumulated Landscaping Materials, and Sec. 12-233.11, Conditions Dangerous to Children.

In regards to Sec. 12-233.5, Deputy Mayor Thornhill asked what would happen if he removed a dead tree in the backyard and left the stump. Ms. Bangley said the purpose of the change is more for safety reasons and that Code Enforcement doesn't always enter a backyard unless they are asked to. The proposed change is more for the front yard and not the back yard. Deputy Mayor Thornhill said some people leave the stump and make something decorative out of it and Ms. Bangley said if they make something decorative and not create a safety hazard then that is okay.

Deputy Mayor Thornhill questioned Sec. 12-233.11, Conditions Dangerous to Children, and as an example Ms. Bangley explained that someone could have a refrigerator on their carport that they might be using that could pose a danger to children by not having a latch on it to prevent them from getting into it whether it is operational or not. She said that is the same as someone dumping off a refrigerator because it poses a danger to children if they can get into it.

The Mayor asked if Republic Services will still pick up limbs and other foliage that people put out. Ms. Bangley said yes, although it might require them calling and asking for a special pickup. She said when people dump it on vacant land that becomes an issue because Republic Services do not know who to send the bill to. Another issue is that Republic Services does not pick up construction debris so trying to clean up that is an ongoing issue. Deputy Mayor Thornhill said that might require them getting a dumpster to put the construction debris in, which costs more money. Ms. Bangley said it becomes difficult to pick up when people leave it on the side of the road because the Streets Division does not have the manpower or the equipment with their pickup truck to remove the debris so that continues to be an ongoing issue.

Agenda Item 10.III. Ordinance D2016-01, CPA/Zoning, American Garden Perlite Property, 31 Airport Road – 1st Reading & Public Hearing

[Begin Agenda Memo]

SYNOPSIS

The proposed amendment will designate land use and zoning for approximately 10.62 acres of property located at 31 Airport Road.

RECOMMENDATION

Staff recommends that the City Commission approve, following a public hearing, a first reading of Ordinance D2016-01.

Notice requirements for a public hearing have been met.

The Planning and Zoning Board held a public hearing on December 9, 2015 and voted unanimously to recommend a change in land use designation on the subject property from Polk County Future Land Use designation BPC-2 Business Park Center-2 to City of Lake Wales Future Land Use designation of I-Industrial.

BACKGROUND

The ordinance proposes land use designation changes for approximately 10.62 acres of property located at 31 Airport Road and owned by American Garden Perlite, LLC. The property was annexed into the city by Ordinance 2015-15.

See Attachment A to the ordinance for location and land use designations.

Surrounding land use designations:

North: County – IND Industrial
South: City – IND Industrial and CON Conservation
East: County – BPC-2 Business Park Center
West: County BPC-2 Business Park Center

Proposed development impact:

The owner intends to redevelop the existing facility and will connect to city utilities when they become available.

Mr. Fields said the City has been approached recently and in the past by food vendors about operation of food trucks. He said according to our Code it is illegal to operate a food truck in the City of Lake Wales so he was wondering if the Commission had any objection in looking at what other cities are doing in that regard in terms of areas in allowing them etc. Ms. Bangley explained currently the rules are that we would allow a food truck to be like a vendor at a special event but for somebody to just show up in the City during the week it is not allowed. It is an accessory use because it doesn't have a permanent location. Currently the Code only allows for an accessory use to be located where a primary use exists. They would have to pick a primary place to be and go through a special exception use process with the Planning Board with the sign-off of that property owner allowing them to be located there even if it is only three days a week. Home Depot or Lowes has a food truck or they both might have one in front of their establishment, but it is more of a food wagon as opposed to a full food truck. Those were approved as part of their site approval process. But, for somebody to come into the City just to serve lunch two or three days a week we really don't have a provision for where they can set up. So, we are looking for direction from the Commission in looking into how other municipalities of our size in our area deal with this kind of thing.

Commissioner Lutton commented that he heard from some of the larger cities that food trucks have an unfair tax advantage. Ms. Bangley said they do not pay the same tax scenario that a permanent structure such as a brick and mortar type scenario does so whether or not we want that in our community is certainly a discussion. Commissioner Lutton said that is the biggest con about the food trucks. It is really an upcoming trend in more progressive cities like Portland and DC. There are not enough restaurants to feed that many people. He said he has no problem with it if we locate them in an area where it is not in direct competition with our current local food stores. If they had a spot where regulars could come by it would be better because not everyone goes to the same restaurant every day. It will give a little variety in our town that we don't have and are not going to get quickly.

Ms. Bangley said those that have inquired have been informed and it has been made available for them on how to get on our vendor list for our special events to at least get them into the City if they haven't been here before.

Mr. Fields said we've had people to express interest down at the lake. We have a trail and a horseshoe that is empty. More than one vendor can easily be accommodated down there a couple days a week. It would be another amenity. It is not in direct competition because there is nothing else down there and it would make the lakefront more attractive.

Ms. Bangley said after looking into this she will bring back a white paper to the Commission on the opportunities and where they can be accommodated. She said the lake is a great idea because it has electric and other kinds of things. Commissioner Lutton said these are very astute business people. If they can't turn a profit in a few days they will not come back.

Commissioner Howell said we need restaurants in Lake Wales, so if food trucks deliver food then she is in favor of it.

Ms. Bangley reported that she is in desperate need of Board of Appeals members; she has an application that has been sitting on her desk for about six weeks that she cannot take action on due to a lack of quorum and she got a call today about another application. She said the board meets at 9:00 a.m. so if that time is a problem the two sitting members are not opposed to changing the time.

Agenda Item 10.IV. Resolution 2016-01, Polk County Board of County Commissioners Library Municipal Services Taxing Unit

[Begin Agenda Memo]

SYNOPSIS

The adoption of Resolution 2016-01 urges Polk County Board of County Commissioners to return the Library MSTU funding level to .25 mils.

RECOMMENDATION

Staff recommends that the City Commission adopt Resolution 2016-01 requesting the Polk County Board of County Commissioners to return the Library MSTU funding level to .25 mils.

BACKGROUND

In 1997, thirteen Polk County cities entered into an Interlocal Agreement with the Polk County Board of County Commissioners to provide public library services to residents of unincorporated Polk County. There are no public libraries in unincorporated Polk County. The 1997 Interlocal Agreement stipulated that library service to non-city residents be provided by the 16 municipally funded public libraries.

Revenues from the Polk County BOCC for the operation of the Polk County Library Cooperative totaled \$600,000 annually for the first three years. Minimal increases in funding followed, but the per capita support from the Polk County BOCC fell drastically behind what city residents in all 13 municipalities were assessed per capita.

In 2005, Polk County BOCC took action and instituted a Library Municipal Services Taxing Unit on unincorporated residences in Polk County. The Library millage rate was set at .25 by the BOCC, and then rolled back to .2109 two years later in 2007.

The Lake Wales Library Board requests that the Lake Wales City Commission adopt the attached Resolution supporting the Polk County Board of County Commissioners return to a minimum of .25 mils assessed for the Library Municipal Services Taxing Unit.

Staff recommends approval.

OTHER OPTIONS

None

FISCAL IMPACT

Increased revenues for the Lake Wales Public Library's operation if .25 millage rate is restored. Exact dollar amount varies each year.

[End Agenda Memo]

City Clerk Clara VanBlargan read Resolution 2016-01 by title only:

A RESOLUTION OF THE CITY OF LAKE WALES OPPOSING CONTINUED REDUCTION IN THE LIBRARY MUNICIPAL SERVICES TAXING UNIT FROM THE 2007 ROLLBACK AND SUPPORTING THE REINSTATEMENT OF THE POLK COUNTY LIBRARY MUNICIPAL SERVICES TAXING UNIT ON UNINCORPORATED RESIDENCES TO THE PRE-ROLL BACK LEVEL OF .25 MILS TO CREATE A MORE EQUITABLE FUNDING COMMITMENT FOR POLK COUNTY LIBRARY SERVICES TO ALL POLK COUNTY, FLORIDA RESIDENTS.

Library Director Tina Peak reviewed Agenda Item 10.IV. She said the County Commission does their budget retreats in February so she would like to get the City's wishes to them before that. They reinstated impact fees last year and those impact fees stay at the Polk County level to help with administrative costs, etc. If this is instituted it will bring more funding to each municipality that serves unincorporated residents. It was recommended that the impact fees still remain on the books but funded at zero so the Board of County Commission did reinstate impact fees for new residential construction in the county for library services. However, that does not come back to the local level. It would have to be a county-wide project of the Polk County Library Cooperative for us to receive any of those impact fees. The new software system that we have operated off of for the past two years was paid for by impact fees so each municipality benefited from that. This is day-to-day operating expenses that come from the Municipal Taxing Services Unit. The county has a MSTU for parks and for Libraries. Last year they rolled the parks' MSTU back to the original rate but not for the libraries. So, the libraries are hoping by next October that will be back in place.

OPENED PUBLIC COMMENT

There were no comments made by the public.

CLOSED PUBLIC COMMENT

The Mayor said he has been pushing for more money for libraries at least a couple of years at the Mayor's roundtable meetings. We have more county services going out of our library than anything else. Hopefully, the county will begin to see that and bring more money into the area so that we can begin to relieve the financial stress the library encounters.

Commissioner Lutton inquired about the formula perimeter that the library serves. Ms. Peak explained she does know how the formula works but it includes the support dollar amount the local provides and the circulation count. Right now, we are about third in line behind Lakeland and Winter Haven. Last year, we got about \$225,000 which is about 40% of what the City funded the library. We are about 60/40 on usage with county residents versus city residents. It is not a huge discrepancy but at this point there are a lot of unincorporated people coming to Lake Wales. The formula is the best way to distribute those monies. It affects the smaller libraries at the least level. As far as what the libraries have to share they are doing far better because the Lake Wales Library is #3 out of 16 libraries in Polk County which reflects that we are very busy.

Following further discussion, Deputy Mayor Thornhill made a motion to approve Resolution 2016-01. Commissioner Howell seconded the motion.

By Roll Call Vote:

Deputy Mayor Thornhill "YES"
Commissioner Howell "YES"
Commissioner Lutton "YES"
Commissioner Perez "YES"
Mayor Fultz "YES"

The motion carried 5-0.

the University of South Florida, may renew the term of this Lease in accordance
with the same terms and conditions as are contained in this Lease, for two (2)
additional terms.

Payment: In consideration for use of the designated space and access to the

Lessor is to have a key code to enter the Premises at all times. Insurance and Disclaimer:

Lessee is a self-insured, sovereign entity of the State of Florida, and its self-insurance limitations are provided by law. Lessee is provided with comprehensive general liability insurance through the State Risk Management Trust Fund with limits of coverage up to a maximum of \$200,000 per person and \$300,000 in the aggregate per occurrence, pursuant to the terms and limitations of Sections 768.28, Florida Statutes and Chapter 284, Part II, Florida Statutes, or as amended from time to time. Worker's Compensation insurance is maintained in full compliance with Florida law. Lessee will provide evidence of its self-insured status upon request. The parties agree that this is sufficient in lieu of any other insurance requirements.

Lessee agrees that the Lessor is a landlord renting space for the Lessee's use and is not a bailor or warehouseman in the business of soliciting goods for hire. Lessee acknowledges that the Lessor does not have insurance covering Lessee or Lessee's stored property. It is hereby agreed that Lessor is not an insurer and it is not the intention of the parties that the Lease provides any form of coverage for any loss or damage sustained through burglary, theft, robbery, fire, water damage, mysterious disappearance, rodents, insects, acts of God, . The parties agree that Lessor does not accept Lessee's goods or property and is not liable in any manner for the safekeeping or condition of the same, nor is Lessor responsible therefor as a warehouseman.

Within the limits provided by law, Lessor assumes all risk of and will remain primarily responsible for personal injury occurring on the Premises that are attributable to the negligent acts or omissions of Lessor and its officers, agents, and employees while acting within the scope of their office or employment.

Pursuant to Florida law and notwithstanding anything to the contrary herein, as a state agency of Florida, Lessee cannot and will not indemnify Lessor. Within the limits provided by law, Lessee assumes all risk of and will remain primarily responsible for personal injury and property damage attributable to the negligent acts or omissions of Lessee and its officers, agents, and employees while acting within the scope of their office or employment. Notwithstanding anything to the contrary in the Agreement, Lessee does not agree to enlarge the scope of the waiver of sovereign immunity for state agencies provided in Florida Statute 768.28 and does not consent to be sued other than as provided by Florida law.

Lessor's Lien and Abandonment: Pursuant to Chapter 83 of the Florida Statutes, Lessor shall have a lien on all property, whether or not owned by Lessee, which is in the Lessee's designated space for rent. The Lessor's lien attaches as of the date which property is brought into the Premises or date Lessee takes possession of the designated space, whichever occurs first. The Lessor's lien is superior to any other lien or security interest, except for those which are perfected and recorded prior to the date of this Lease.

Assignment and SubLease: Lessee shall not assign this Lease or sublet the whole or any portion of the designated space rented hereunder without the written approval of the Lessor.

Condition and Alteration: Lessee acknowledges that the Premises which is the subject of this Lease is now in good condition and suitable for the purpose for which it is leased, and accepts the designated space in an "as is" basis. Lessee shall immediately notify Lessor of any fire (or other casualty), defects or dangerous conditions. Lessee shall keep the designated space in good order and condition and shall pay for any and all repairs to the building (office) arising out of negligence or willful misconduct of Lessee, its agents, employees, licenses, invitees or contractors. Lessee will make no alterations or additions to the leased space without the written permission of the Lessor and Lessee shall not subject the premises to any mechanic's lien. Any alterations will be made at Lessee's expense and shall become the property of the Lessor at the termination of this Lease. However, Lessor will have the right to compel Lessee, at the Lessee's expense, to remove any alterations, additions, or fixtures and return the designated space to the original condition.

RE: Cancellation of Tank Maintenance Contract

SYNOPSIS: Staff requests commission approval to cancel the current tank maintenance contract which expires on September 30, 2016.

RECOMMENDATION

It is recommended that the City Commission consider taking the following action:

1. Approve staff to cancel the current tank maintenance contract.
2. Authorize the signing of the cancellation letter by three members of the City Commission on the city's behalf.

BACKGROUND

As part of the water treatment process, staff operates and maintains four separate elevated storage tanks located within the water distribution system. These tanks have to be inspected and cleaned once a year. The existing contract has been effect for quite some time and staff would like to go out to market for bid to try and get the best price available for this service.

The current contract states that if the City chooses to cancel its contract, the cancellation has to be approved by three members of the commission six months in advance of the end of the current contract period. The current contract period expires on September 30, 2016. Bringing this item before the commission at this time allows staff the proper time needed to take this service out for bid, and have a new contract in place prior to the start of the 2016-2017 fiscal year. Staff is seeking commission approval to cancel the current tank maintenance contract and authorize the cancellation by the signing of the cancellation letter by three members of the city commission.

FISCAL IMPACT

\$62,000 has been placed in the FY' 2015-2016 for the required maintenance and inspection.

OTHER OPTIONS

Chose not to cancel the current contract and not go out to bid for competitive pricing.

MEMORANDUM

January 13, 2016

TO: Honorable Mayor and City Commission
VIA: Kenneth Fields, City Manager
FROM: Sarah B. Kirkland, Interim Utilities Director
SUBJECT: Lease Agreement with The Bancorp Bank for a new Vector Truck

SYNOPSIS: Staff requests commission approval to enter into a new lease agreement with The Bancorp Bank for the lease of a new vector truck in the amount of \$6,352.25 per month. The Wastewater Department has placed \$76,227 for the new vector lease in the FY 2015'16 operating budget to be funded by operating revenues for this purchase. Through FY 2020'21, the Wastewater Department would plan annual appropriations of \$76,227 to cover this purchase.

STAFF RECOMMENDATION

It is recommended that the City Commission consider taking the following action:

1. Approve the lease for a new vector truck for the Waste Water Department from The Bancorp Bank in the amount of \$6,352.25 per month for a 60 month period. At the end of 60 month period the City will have the option to purchase the Vector for the amount of \$1.00.
2. Authorize the City Manager to execute the appropriate documents, on the City's behalf.

BACKGROUND

Due to the constant use of the vector, it has become necessary for staff to look into the option of adding to the sewer department cleaning equipment. The current vector being used for the wastewater department is a 2006 International. This piece of equipment has been in service for approximately 10 years and is used for sewer emergencies and storm water overflows. Staffs intent is to enter into a lease for the purchase of an additional vector truck for use. By increasing the utilities fleet by another vector, staff will be able to respond to multiple emergencies at once. Also if the vector is being used to address storm water issues, it becomes unavailable to address sewer emergencies that arise. In years past when the vector has been out of service, it has been difficult to borrow one from the Polk County Fleet due to the fact of them not having one to lend. The vector is a vital piece of equipment to the waste department daily operations, by adding another vector to the utilities fleet, staff is assured to always have this vital piece of equipment available for emergencies.

Staff is seeking commission approval and city manager authorization to enter into a new lease contract with The Bancorp Bank to provide a new vector for a cost of \$6352.25 per month, providing at the end of 60 month term the City will have the option to purchase the vector for a total of \$1.00.

OTHER OPTIONS

Wastewater Department Vehicle options:

- 1) A full purchase would result in a current year decrease of cash flow of \$363,016.
- 2) The lease purchase option with The Bancorp Bank would result in a yearly decrease in cash flow of \$76,227. The City would then have the option at the end of the fifth year to purchase the Vector for a total price of \$1.00.

FISCAL IMPACT

The Wastewater Department has placed \$76,227 for the new vactor lease in the FY 2015'16 operating budget to be funded by operating revenues for this purchase. Through FY 2020'21, the Wastewater Department would plan annual appropriations of \$76,227 to cover this purchase.

Memorandum

To: Honorable Mayor and City Commission
Via: Kenneth Fields, City Manager
From: Christopher Velasquez, Chief of Police
Date: January 12, 2016
Ref: Edward Byrne Memorial State and Local Law Enforcement Assistance Grant

Synopsis:

Approval of this item will allow the police department to submit for and receive grant funding to purchase items to be used in the investigation of criminal activity and traffic crashes.

Recommendation:

Staff recommends that the Honorable Mayor and City Commission authorize the Police Department to apply for and accept funding through the Edward Byrne Memorial State and Local Law Enforcement Assistance Grant.

Background:

Since 1999, the Police Department has received funding from the Edward Byrne Memorial State and Local Law Enforcement Assistance Grant Program. Since that time, the department has utilized this funding to create numerous community programs as well as purchase needed equipment to enhance public safety. This year the Edward Byrne Memorial State and Local Law Enforcement Assistance Grant award amount is \$4,609.00 and if approved would be included in the 2015/2016 budget.

The Police Department proposes to use the JAG-D funds to purchase equipment that will aid in the investigation of criminal activity. Additionally, the department will purchase a metal detector for crime scene processing and a 20'x10' enclosure to protect crime scenes from the elements while shielding victims from public view.

Matching funds are not required to participate in this grant; however, the department will use Forfeiture Funds to supplement any additional expenses not covered with grant funding.

Other Options:

The Commission may choose not to authorize application for and accept the Edward Byrne Memorial State and Local Law Enforcement Assistance Grant.

Fiscal Impacts:

The Finance Department has reviewed this application and the Fiscal Impact Statement is attached.

Nature of Statement and Information Disclosed

This is a statement of fiscal impact for the grant performed as required by and in accordance with Section 2-802, Article VIII of the City of Lake Wales Code of Ordinances. It is a statement solely for the purpose of analyzing and reporting the fiscal impact on the City of either applying or not applying for this grant, using certain assumptions as indicated herein. - **Information From Staff**

This impact statement represents, in our unqualified opinion, a valid estimate of known present or future impacts anticipated to result from the acceptance of the aforementioned grant.

In some cases, the nature of a fiscal impact is described rather than stated using specific dollar amounts or figures. This is done in order to provide information on the nature of the expected fiscal impact where there simply is not enough information to quantify the impact, or whether the exact amount of the impact depends on the exact type of future events or conditions.

General Assumptions

A fiscal impact statement constitutes a forward-looking statement on the acceptance of grant funds and the proper execution of all requirements as set forth in any grant application, agreement, covenants attached to real or tangible property, or other duly enforceable stipulations. In order to produce such a statement, assumptions about future events and conditions must be made.

In any case where a reasonable expectation of a future condition or event has been disclosed or is already known to Finance Department personnel, that information has been used as an Assumption in the fiscal impact statement. Expectations not known or not considered reasonably expected to occur have been excluded from the fiscal impact statement. If an event or condition may occur which would have a material and *direct* fiscal impact, but is not reasonably expected to occur, it is disclosed in the fiscal impact statement.

General Assumptions are made in this fiscal impact statement that the City Staff executing the grant program already possess the required knowledge and expertise to expertly perform all of the requirements of the grant, and that the information provided to prepare this impact statement is true and correct. It is also assumed that no outside events will create a positive or negative influence on the grant program, and that there will be no changes in the legal, operational, or economic environment in which the grant program, and the City as whole, operates, except as disclosed herein.

Section 2: Project Overview

General Project Information

Project Title: LAKE WALES CRIMINAL INVESTIGATIONS EQUIPMENT
Subgrant Recipient: City of Lake Wales
Implementing Agency: City of Lake Wales Police Department
Project Start Date: 2/1/2016 **End Date:** 6/30/2016

Problem Identification

Law Enforcement personnel are faced with a variety of challenging investigations from day to day. Each situation can be unique and rapidly evolving, requiring advanced methods and technology to successfully resolve.

The impact of burglary, theft and vandalism related crimes often exceed that of a monetary value. Many victims are often left with psychological and emotional scars as a result of these types of crimes. In fact, studies show that these victims often experience emotions similar to those of victims of assault and other types of violent crimes. The psychological effects of these crimes can lead to feelings such as constant fear, anger, grief, and guilt. Additionally, the challenges associated with investigating these cases, as well as their low probability of being solved, often compound these feelings.

In addition to investigating crimes such as burglary, theft and vandalism, law enforcement is also responsible for investigating a variety of traumatic crimes and incidents. These cases include but are not limited to homicide, traffic fatalities, and accidents involving death or serious bodily injury. These incidents present a variety of challenges, one of them being to protect the victim's privacy and dignity from onlookers while thoroughly investigating the case and ensuring all evidence is collected

Project Summary (Scope of Work)

The Lake Wales Police Department will purchase investigative equipment in order to provide a more effective means of conducting challenging investigations.

The Police Department will utilize grant funds to purchase [REDACTED] equipment, a portable crime scene enclosure and a commercial grade metal detector. The [REDACTED] equipment will aid law enforcement in capturing crucial evidence necessary for the successful identification, apprehension and prosecution of those committing certain crimes within our community. This equipment can be used for a variety of investigations to include illegal drug transactions, which directly impact other categories of crime [REDACTED]

[REDACTED]. The portable crime scene enclosure will assist law enforcement in protecting outdoor crime scenes from contamination and/or destruction from the elements, while also shielding the victim from the view of onlookers. This will be especially beneficial in cases involving traffic homicide investigations that take extended time to process on roadways occupied by passersby. The metal detector will aid law enforcement and crime scene personnel efficiently locating and recovering evidence, not readily seen by the naked eye. This evidence may help enhance the ability to successfully prosecute the case as well as link it to similar cases.

§ 215.985, "Transparency in government spending"

DEFINITIONS

Disallowed costs means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. See also §§ 200.12, "Capital assets"; 200.20, "Computing devices"; 200.48, "General purpose equipment"; 200.58, "Information technology systems"; 200.89, "Special purpose equipment"; and 200.94, "Supplies."

Grant agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. §§ 6302, 6304, is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. § 6101(3)); and not to acquire property or services for the Federal awarding agency or pass-through entity's direct benefit or use; and is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Improper payment means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements; and Improper payment includes any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1, "Definitions". It is \$3,000 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Non-Federal entity is a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Non-federal pass-through entity – a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program; the Florida Department of Law Enforcement (FDLE) is the non-federal pass-through entity for this agreement, also referred to as the State Administering Agency (SAA).

Performance goal means a target level of performance expressed as a tangible, measurable objective, against which actual achievement can be compared, including a goal expressed as a quantitative standard, value, or rate. In some instances (e.g., discretionary research awards), this may be limited to the requirement to submit technical performance reports (to be evaluated in accordance with agency policy).

Period of performance means the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award. The Federal awarding agency or pass-through entity must include start and end dates of the period of performance in the Federal award (see §§ 200.210 Information contained in a Federal award paragraph (a)(5) and 200.331 Requirements for pass-through entities, paragraph (a)(1)(iv)).

Protected Personally Identifiable Information means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to social security number; passport number; credit card numbers; clearances; bank numbers; biometrics; date and place of birth; mother's maiden name; criminal, medical, and financial records; and educational transcripts. This does not include PII that is required by law to be disclosed. (See also § 200.79 Personally Identifiable Information (PII)).

Questioned cost means a cost that is questioned by the auditor because of an audit finding 1) that resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; 2) where the costs, at the time of the audit, are not supported by adequate documentation; or 3) where the costs incurred appear unreasonable and do not reflect the actions a prudent person would take in the circumstances.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition

threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. As of the publication of this part, the simplified acquisition threshold is \$150,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward / Subgrant - an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Supplies means all tangible personal property other than those described in 2 C.F.R. § 200.33, "Equipment". A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. See also §§ 200.20, "Computing devices" and 200.33, "Equipment".

Recipients of direct grants may still engage in inherently religious activities, but such activities must be separate in time or place from the Department of Justice funded program, and participation in such activities by individuals receiving services from the grantee or a sub-grantee must be voluntary. The Equal Treatment Regulation also makes clear that organizations participating in programs directly funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. The subgrantee also understands and agrees that award funds may not be used to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from the award, or the parent or legal guardian of such students. Interest earned up to \$500 per year may be retained by the subrecipient for administrative expense. Any unexpended interest remaining at the end of the federal grant period must be submitted to the Office of Criminal Justice Grants for transmittal to the Bureau of Justice Assistance.

Where appropriate, the subaward should provide specific performance goals, indicators, milestones, or expected outcomes (such as outputs, or services performed or public impacts of any of these) with an expected timeline for accomplishment. Submitted programmatic reports must clearly articulate, where appropriate, performance during the execution of the award has met a standard against which the subrecipient's performance can be measured. These requirements should be aligned with agency strategic goals, strategic objectives or performance goals that are relevant to the program.

4.2 Performance of Agreement Provisions - In the event of default; non-compliance; or violation of any provision of this agreement by the subrecipient, the subrecipient's consultants and suppliers, or both, the Department shall impose sanctions it deems appropriate including withholding payments and cancellation, termination, or suspension of the agreement in whole or in part. In such event, the Department shall notify the subrecipient of its decision thirty (30) days in advance of the effective date of such sanction. The subrecipient shall be paid only for those services satisfactorily performed prior to the effective date of such sanction.

5.0 Grant Adjustments - Subrecipients must submit a grant adjustment through SIMON for major substantive changes such as scope modifications or changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes that affect a cost category that was not included in the original budget. Adjustments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.

5.1 Subrecipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.

5.2 Under no circumstances can transfers of funds increase the total budgeted award.

5.3 Requests for changes to the subaward agreement must be electronically signed by the subrecipient or implementing agency's chief official or the chief official's designee.

5.4 All requests for changes must be submitted in SIMON no later than 30 days prior to grant expiration date.

6.0 Required Reports - All reports must relate financial data to performance accomplishments. Subrecipients must submit both reports on the same reporting cycle.

6.1 Financial Expenditure Reports

- 6.1.2 The subrecipient shall have a choice of submitting either a Monthly or a Quarterly Project Expenditure Report to the Department. Project Expenditure Reports are due thirty (30) days after the end of the reporting period. In addition, if the subaward period is extended, additional Project Expenditure Reports shall be submitted.

This applies to the following new activities whether or not they are being specifically funded with these subaward funds. That is, it applies as long as the activity is being conducted by the subrecipient or any third party and the activity needs to be undertaken in order to use these subaward funds. Accordingly, the subrecipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the grant, the grantee agrees to contact FDLE OCJG.

- 3.2 The subrecipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by the Bureau of Justice Assistance. The subrecipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed by the Department of Justice at www.bja.gov/Funding/nepa.html, for programs relating to methamphetamine laboratory operations.

In so doing, the subrecipient understands that it may implement these protective measures directly through the use of its own resources and staff or may secure the qualified services of other agencies, contractor or other qualified third party.

4.2.9 Have in place and implement a written agreement with the responsible state or local service

agencies to properly respond to any minor, as defined by state law, at the site. This agreement must ensure immediate response by qualified personnel who can (i) respond to the potential health needs of any minor at the site; (ii) take that minor into protective custody unless the minor is criminally involved in the meth lab activities or is subject to arrest for other criminal violations; (iii) ensure immediate medical testing for methamphetamine toxicity; and (iv) arrange for any follow-up medical tests, examinations, or health care made necessary as a result of methamphetamine toxicity

MEMORANDUM

January 7, 2016

TO: Honorable Mayor and City Commissioners

VIA: Kenneth Fields, City Manager

FROM: Kathy Bangle, Director of Planning and Development

RE: Ordinance 2016-01 – 2nd Reading and Public Hearing
Amendments to *Zoning, Land Use and Development Regulations*

SYNOPSIS

This ordinance addresses housekeeping issues related to Board membership, Lots and Structures, Fences and Hedges, as well as miscellaneous scrivener's errors.

RECOMMENDATION

Staff recommends the adoption of Ordinance 2016-01 after second reading and public hearing. Notice requirements have been met.

BACKGROUND

Most of the amendments are housekeeping in nature. They correct misspellings and insert words that were inadvertently left out.

Section 1 of the ordinance proposes an amendment increasing the number of Planning Board members that can reside outside the city, but must own property within the city limits, from one (1) to three (3) members. The Board is made up of seven (7) members therefore the majority of the membership would still require residency. The Planning Board discussed this amendment at length and on a three (3) to one (1) vote recommended approval.

Section 2 proposes an increase in the number of principal buildings on a lot that can be approved as a major site plan from two (2) to four (4). This will streamline some of the approval process and may encourage development. The Planning Board unanimously supported this amendment.

Sections 3, 4, 5, 6, and 8 deal with scrivener's errors such as misspelling and omitted words.

Section 7 proposes to allow an administrative approval of an increase in fence height from four (4) feet up to six (6) feet in a functional side yard. This would be applicable for corner lots that by design have two front yards by regulatory definition, but one functions as a side yard.

FISCAL IMPACT

The amendments have no identifiable fiscal impact themselves.

OTHER OPTIONS

City Commission may modify the proposed amendments as determined appropriate.

RE: Ordinance 2016-02 – 2nd Reading and Public Hearing
Amendments to Chapter 12 – Health Sanitation, Nuisances, and Minimum
Property Maintenance Standards

SYNOPSIS

This ordinance addresses housekeeping issues such as numbering, code enforcement oversight, redundancies, clarification of responsibilities, reference to the International Property Maintenance Code, addition of sections for dead trees and conditions dangerous to children.

RECOMMENDATION

Staff recommends the adoption of Ordinance 2016-02 after second reading and public hearing. Notice requirements have been met.

BACKGROUND

In 2012 when the last amendment to Chapter 12 was initiated the numbering was not integrated as well as it could have been. This is being corrected with this amendment. The Code Enforcement Division has been made part of the Department of Planning and Development so this is reflected in the amendment.

An effort has been made to remove redundancies from the chapter and to clarify responsibilities of all parties including staff and citizenry.

Staff is recommending additional detail for dead trees as well as conditions that may pose a danger to children.

FISCAL IMPACT

The amendments have no identifiable fiscal impact themselves.

OTHER OPTIONS

City Commission may modify the proposed amendments as determined appropriate.

~~(k) Section 103.5 is deleted.~~

§ 12-228. SEVERABILITY

If any section, subsection, paragraph, sentence, clause or phrase of this Division is for any reason held by any court of competent jurisdiction to be unconstitutional or otherwise invalid, the validity of the remaining portions of these regulations shall continue in full force and effect, it being the intent of the city commission to have adopted these regulations without such unconstitutional or invalid section, subsection, paragraph, sentence, clause or phrase.

~~SECTION 104. § 12-229. DUTIES AND POWERS OF THE CODE OFFICIAL~~

~~(l) Section 104.1 is amended to read:~~

~~104.1 General. The Code Official shall enforce the provisions of this code.~~

~~(m) Section 105.1 is amended to read:~~

~~104.2 12-229.1 Inspections. The code official shall make all of the required inspections, or shall accept reports of inspection by approved agencies or individuals. All reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The code official is authorized to engage such~~

expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

~~104.3~~ 12-229.2 *Right of entry.* Where it is necessary to make an inspection to enforce the provisions of this code, or whenever the code official has reasonable cause to believe that there exists in a structure or upon a premises a condition in violation of this code, the code official is authorized to enter the structure or premises at reasonable times to inspect or perform the duties imposed by this code, provided that if such structure or premises is occupied the code official shall present credentials to the occupant and request entry. If such structure or premises is unoccupied, the code official shall first make reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the code official shall have recourse to the remedies provided by law to secure entry.

~~104.4~~ 12-229.3 *Identification.* The code official shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

~~104.5~~ 12-229.4 *Notices and orders.* The code official shall issue all necessary notices or orders to ensure compliance with this code.

~~104.6~~ 12-229.5 *Department records.* The code official shall keep official records of all business and activities of the department specified in the provisions of this code. Such records shall be retained in the official records as long as the building or structure to which such records relate remains in existence, unless otherwise provided for by other regulations.

~~SECTION 105. APPROVAL~~

~~105.1~~ 12-229.6 *Modifications.* Whenever there are practical difficulties involved in carrying out the provisions of this code, the Building Official shall have the authority to grant modifications to structures for individual cases as may be deemed necessary in his or her discretion. Should a modification be denied, the requester may appeal the Building Official's decision to the Board of Adjustment and Appeals. No modification from the terms of this code shall be issued unless the Board of Adjustment and Appeals finds, based on competent substantial written evidence submitted to the Planning & Development Department at least seven (7) business days before the day of the scheduled meeting of the Board of Adjustment and Appeals, that all of the following conditions are met:

- ~~(1)~~ a. The requested modification is in compliance with the intent and purpose of this code;
- ~~(2)~~ b. The requested modification does not lessen health, life, safety and fire requirements;
- ~~(3)~~ c. The circumstances giving rise to the requested modification are peculiar to the structure and do not arise from the actions of a structure owner or occupant;
- ~~(4)~~ d. The requested modification, if approved, will not confer any special privilege that is denied by the provisions of this code to other similarly situated structures;
- ~~(5)~~ e. Literal interpretation of the provisions of this code would deprive the structure owner or occupant of rights commonly enjoyed by other similarly situated structures; and
- ~~(6)~~ f. The requested modification, if approved, is the minimum modification that will allow reasonable use of the structure.

All requests for modifications must be submitted to the City in writing. It is the requester's responsibility to include a proper mailing address with the written request for modification.

While it is preferred that the requester provide evidence supporting the modification to the Board of Adjustment and Appeals at the time of making the written request, to ensure that the requester is given adequate opportunity to provide the Board of Adjustment and Appeals with all relevant evidence, the Planning & Development Director shall, upon receipt of a request for modification, forward a notice, along with a copy of this Section, to the address supplied by the requester that identifies the Board meeting date and the deadline for document submittal.

Should a modification to this code be approved, the Board of Adjustment and Appeals shall draft a modification order and shall forward a copy of the modification order to the Code Official for placement in the Code Official's files and a copy of the modification order to the Building Official for placement in the Building Official's files.

Modifications to this code granted by the Board of Adjustment and Appeals are not variances and do not run with the land, and upon the application for a building permit from the City for the subject building, structure or premises by the owner or occupant thereof, such modifications shall cease to be in existence and the subject building, structure or premises must be brought into compliance with this code as a condition of issuance of the permit.

Any aggrieved person adversely affected by a decision of the Board of Adjustment and Appeals made pursuant to this Section shall, within thirty (30) days of rendition of the decision, make appeal to an applicable Court of law in accordance with the Florida Rules of Appellate Procedure by filing with such Court a petition for writ of certiorari. Such an appeal shall be in the nature of that from a final administrative decision.

~~105.2~~ 12-229.7 *Alternative materials, methods and equipment.* The provisions of this code are not intended to prevent the installation of any material or to prohibit any method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material or method of construction shall be approved where the code official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety.

~~(n) Section 105.3 is amended to read:~~

~~105.3~~ 12-229.8 *Required testing.* Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the code official shall have the authority, but not the obligation, to require tests to be made as evidence of compliance at the property owner's expense.

~~(e) Sections 105.3.1, 105.3.2 and 105.6 are deleted.~~

~~105.4~~ 12-229.9 *Used material and equipment.* The use of used materials which meet the requirements of this code for new materials is permitted. Materials, equipment and devices shall not be reused unless such elements are in good repair or have been reconditioned and tested when necessary, placed in good and proper working condition and approved by the code official.

~~105.5 12-229.10 Approved materials and equipment.~~ Materials, equipment and devices approved by the code official shall be constructed and installed in accordance with such approval.

~~SECTION 106. VIOLATIONS~~

~~106.2 Enforcement Protocol.~~ The Code Official shall enforce the provisions of this Code in any manner or protocol available including, but not limited to, issuance of a citation pursuant to § 162.21, Florida Statutes and § 12-211 et seq., Lake Wales Code of Ordinances, a "Notice of Hearing" pursuant to § 162.12, Florida Statutes and § 12-216 et seq., Lake Wales Code of Ordinances, a "Notice to Appear" pursuant to § 162.23, Florida Statutes, a "Demand for Correction" pursuant to § 106.3 of this code, or referral to the City Attorney for filing a civil enforcement action. The enumeration of remedies and protocols herein does not constrain the Code Official who, as an officer of a Florida municipality endowed with home rule authority, may use any lawful means necessary to bring a code violation into compliance, to restrain, correct, or to prevent illegal occupancy of any building, structure or premises, or to stop an illegal act, conduct, business or utilization of any building, structure or premises.

~~(q) Section 106.3 is amended to read:~~

~~106.3 Declaration of nuisance; demand for correction.~~ A violation of any provision of this code is deemed to be a nuisance affecting the public health, safety and welfare, and accordingly, the Code Official is hereby authorized and empowered to notify, in writing, the owner or agent of such owner, of any building, structure or premises within the City, to make such repairs as may be required to abate the nuisance condition and bring such building, structure or premises into compliance. Notice shall be provided to the owner or agent of such owner either (a) in the manner described in § 162.12, Florida Statutes, or (b) in the manner described in § 12-216, Lake Wales Code of Ordinances.

~~The notice required to be given herein shall set forth the legal description of the property underlying the building, structure or premises as is set forth in the latest tax roll prepared by the county, and shall specify a reasonable time in which the owner or agent of the owner shall abate the condition and bring such building, structure or premises into compliance. Such notice shall have attached thereto a true copy of this section. Included in the notice shall be a statement informing the owner that all costs incurred by the City in abating the nuisance condition and repairing the condition and bring such building, structure or premises into compliance shall be billed to the property owner.~~

~~Upon the failure, neglect or refusal of any owner or the agent of such owner so notified to abate the nuisance condition and make repairs within the reasonable time specified after posting the building, structure or premises, the Code Official is hereby authorized to order the repair of the building, structure or premises and bill the owner for the work.~~

~~Any owner aggrieved by the findings and order of the Code Official shall have the right to appeal said decision prior to the expiration of the time within which such owner was given to abate the nuisance. Any appeal taken must be requested, in writing, and timely received by the City Clerk at 201 W. Central Avenue, Lake Wales, Florida. In the event the time for~~

~~owner to abate the nuisance expires on a weekend, evening or a holiday, the owner shall have until 5:00 p.m. the next business day to file the request for appeal. Such written notice or request may be in any form which clearly notifies the City of the owner's request. The Code Official shall place the appeal on the agenda of the next scheduled Code Enforcement Board meeting or may request a special meeting to hear the appeal. Any appeal shall stay all proceedings in furtherance of the action appealed from until after the hearing is held. Any appeal hearing shall be conducted in accordance with the provisions of Chapter 162, Florida Statutes. It shall be the responsibility of the owner of the property in question to show that the City's actions are without reason. The Code Enforcement Board shall determine whether the appeal is justified. If not, the City shall proceed with the abatement.~~

~~After abatement and billing by the City, where the full amount due the City is not paid by the owner of the building, structure or premises within thirty (30) days after the billing date, the Code Official shall cause to be recorded in the public records of the county, a sworn statement showing the cost and expense incurred for the work and the date, place and property on which such work was done, and the recordation of such sworn statement shall constitute a special assessment lien on the property equivalent to the lien of municipal taxes and taking precedence over all other recorded liens, and shall remain in full force and effect for the amount due on principal and interest, plus costs of court, if any, for collection, until final payment has been made. Such special assessment lien may be foreclosed in the manner provided for by general law.~~

~~This provision is supplemental in nature and is not intended to be the exclusive remedy by which this code may be enforced.~~

~~(r) Section 106.4 is amended to read:~~

~~*106.4 Violation penalties; remedies additional and supplemental.* Any person who shall violate a provision of this code, or fail to comply therewith, or with any of the requirements thereof, may be prosecuted within the limits provided by general or local laws. Each day that a violation continues after due notice has been served shall be deemed a separate offense. Each remedy provided for in this code is an additional and supplemental means of enforcing city codes and ordinances and may be used for the enforcement of this code singularly or in tandem. Nothing contained herein shall prohibit the city from enforcing its codes and ordinances by any other means.~~

~~(s) Section 106.5 is amended to read:~~

~~*106.5 Abatement of violation.* The imposition of the penalties herein shall not preclude the Code Official from referring a particular case to the City Attorney to institute an appropriate action to restrain, correct, or to prevent illegal occupancy of a building, structure or premises, or to stop an illegal act, conduct, business or utilization of the building, structure or premises.~~

SECTION 107. NOTICES

It shall be unlawful for the owner of any building, structure or premises who has received a citation, a notice of violation, a demand for removal or a demand for correction to sell, transfer, mortgage, lease, or otherwise dispose of such building, structure, or premises until the provisions of the citation, notice of violation, demand for removal or demand for correction have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee or lessee a true copy of the citation, notice of violation, demand for removal or demand for correction and then provide to the Code Official a signed and notarized statement from the grantee, transferee, mortgagee or lessee acknowledging the receipt of such citation, notice of violation, demand for removal or demand for correction and fully accepting the responsibility without condition for making the corrections or repairs required thereby.~~

~~A true and correct copy of this section shall be attached to all citations, notices of violation, demands for removal and demands for correction issued pursuant to this code, although the failure to attach a copy thereto will not affect the validity of the instrument, nor shall it affect the validity of this section.~~

~~Any person violating this section shall be subject to the penalty found in § 12-225, of the Lake Wales Code of Ordinances.~~

~~SECTION 108. §12-230 UNSAFE STRUCTURES AND EQUIPMENT~~

Any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof that is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting natural or artificial loads of one and one-half the original designed value.
- 5- e. The building or structure, or part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, the removal or movement of some portion of the ground necessary for the support, or for any other reason, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fail or give way.

- (2) be occupied periodically by transients or itinerants; or
- (3) be utilized for illegal conduct in violation of any federal, state or local law,

the Code Official is authorized to have the structure immediately closed up so as not to be an attractive nuisance by posting a notice at each entrance to the building entitled "Notice of Section ~~408.2~~ 12-230.6 Closing" and by sealing each accessible entrance. Should the City's bill be returned unclaimed, the City may then post the bill on the closed structure and at a conspicuous location at City Hall for ten (10) days, which, on the tenth day after posting, shall constitute the equivalent of delivery. After billing by the City, if the full amount due the City is not paid by the owner of the structure or the agent of the owner of the structure within thirty (30) days after receipt of the bill or after the expiration of ten (10) days after posting the bill, the Code Official shall cause to be recorded in the public records of the county, a sworn statement showing the cost and expense incurred for the work and the date, place and property on which such work was done, and an affidavit of constructive service by posting, if any, and the recordation of such sworn statement shall constitute a special assessment lien on the property equivalent to the lien of municipal taxes and taking precedence over all other recorded liens, and shall remain in full force and effect for the amount due on principal

and interest, plus costs of court, if any, for collection, until final payment has been made. Such special assessment lien may be foreclosed in the manner provided for by general law.

Any owner aggrieved by the findings and order of the Code Official shall have the right to appeal said decision prior to the expiration of the time within which to pay the bill for closing the structure due the City. Any appeal taken must be requested, in writing, and timely received by the City Clerk at 201 West Central Avenue, Lake Wales, Florida. The appeal hearing shall be conducted in accordance with the provisions of Chapter 162, Florida Statutes. If it is determined by the Code Enforcement Board, based on competent substantial evidence in the record, that the City's actions are without reason, the cost for closing the structure shall be borne by the City.

No structure closed by the City pursuant to this section may be reopened unless said structure is wholly compliant with this code or unless it is shown during a timely appeal after hearing that the City's actions in closing the structure were without reason.
