Agenda Item 10.I. Ordinance 2016-08, Amendments to Chapter 12, Health Sanitation, Nuisances, and Minimum Property Maintenance Standards – 1st Reading

[Begin Agenda Memo]

SYNOPSIS

This ordinance addresses a reconfiguration of Chapter 12. It returns items to code that were removed in 2012 that are essential to the health safety and welfare of our community.

RECOMMENDATION

Staff recommends the approval of Ordinance 2016-08 after first reading. A public hearing is not required.

BACKGROUND

Upon thorough review of Chapter 12 it was determined that there were items that had been included prior to the 2012 amendment that were integral to performing code enforcement duties that were no longer represented in the code. The most significant of these were dealing with motor vehicles and vessels. Staff is also proposing more specific wording for common violations so that the citizenry will be better informed as to what is expected of them.

Property clearing, junk and trash, trees, and dangerous conditions were all relocated under Article II Nuisances. Division 4 is amended to set Motor Vehicles apart in their own sections. Updated specifications are included for property address numbers.

FISCAL IMPACT

The amendments have no identifiable fiscal impact themselves.

OTHER OPTIONS

City Commission may modify the proposed amendments as determined appropriate.

[End Agenda Memo]

City Clerk Clara VanBlargan read Ordinance 2016-08 by title only:

(Amendments to Chapter 12, Health, Sanitation, Nuisances, and Minimum Property Maintenance Standards)

AN ORDINANCE OF THE CITY OF LAKE WALES, POLK COUNTY, FLORIDA, AMENDING LAKE WALES CODE OF ORDINANCES, CHAPTER 12, HEALTH, SANITATION, NUISANCES, AND MINIMUM PROPERTY MAINTENANCE STANDARDS; AMENDING ARTICLE I. IN GENERAL SECTION 12-1 THROUGH 12-7, ARTICLE II NUISANCES DIVISION 1 GENERALLY, DIVISION 2 DEBRIS, WEEDS, WILD GROWTH, DANGEROUS AND UNSANITARY CONDITIONS SECTION 12-36 THROUGH 12-41, DIVISION 4. Planning & Development Director Kathy Bangley reviewed Agenda Item 10.I and said for the record the title will be amended because it is actually Section 12.235.2, premises identification. She said this ordinance addresses a reconfiguration and returns items to the Code that were inadvertently removed in 2012 that are essential to the health, safety, and welfare of our community and explained the changes being made to the Code.

Commissioner Howell made a motion to approve Ordinance 2016-08 after first reading. Deputy Mayor Thornhill seconded the motion.

By Roll Call Vote:

Commissioner Howell "YES"
Deputy Mayor Thornhill "YES"
Commissioner Perez "YES"
Mayor Fultz "YES"

The motion carried 4-0.

Agenda Item 10.II. Resolution 2016-14, Unmanned Donation Boxes

[Begin Agenda Memo]

SYNOPSIS

This resolution will ban unmanned donation boxes within the city limits and provide for the removal of existing boxes.

RECOMMENDATION

Adoption of Resolution 2016-14 is recommended.

BACKGROUND

City Commission requested staff look into unmanned donation boxes inside the City in late 2015. At that time thirty-one (31) boxes were counted in various locations throughout the city. Since that time the number of boxes has increased. Many of the locations are becoming an eyesore and having a negative effect on the overall appearance of the city.

The resolution sets a ban on the unmanned boxes within the city limits and provides for a forty-five day (45) window of opportunity for the owning entity to remove. Property owners where the boxes are located will also be notified.

FISCAL IMPACT

There is no direct fiscal impact on the City.

OTHER OPTIONS

Do not adopt the resolution

[End Agenda Memo]

City Clerk Clara VanBlargan read Resolution 2016-14 by title only:

A RESOLUTION OF THE CITY COMMISSION OF LAKE WALES, POLK COUNTY, FLORIDA, PROVIDING FOR THE PROHIBITION OF UNMANNED DONATION BOXES WITHIN THE CITY LIMITS; PROVIDING FOR REMOVAL OF EXISTING BOXES; AND PROVIDING AN EFFECTIVE DATE

Planning & Development Director Kathy Bangley reviewed Agenda Item 10.II. She said during the 45 day period staff will notify all entities that have boxes with identifying information and place stickers on those boxes that do not. Property owners will also be notified of where the boxes are located in that 45 day period.

Commissioner Perez asked if the City would be removing the boxes where there is no response is received and Ms. Bangley said yes, but where to put them has not been determined and they will attempt to recoup the cost from the property owner for that removal.

Commissioner Howell asked if other non-profit organizations would be able to have a box and Ms. Bangley said only if it is manned with the property identification. Someone would have to be there when accepting donations.

Mr. Fields said since this issue was brought up the number of boxes has grown and some of them are nothing but dumping sites with trash piled up around the boxes. There are alternatives to where donations can be dropped off which include not only clothes and shoes but furniture and other things of that nature. The best thing to do right now is to ban them all outright. The Commission was in agreement.

Deputy Mayor Thornhill made a motion to adopt Resolution 2016-14. Commissioner Howell seconded the motion.

By Roll Call Vote:

Deputy Mayor Thornhill "YES"
Commissioner Howell "YES"
Commissioner Perez "YES"
Mayor Fultz "YES"

The motion carried 4-0.

Agenda Item 10.III. Resolution 2016-13, Initial Assessment Resolution for Fire Protection Assessments

[Begin Agenda Memo]

SYNOPSIS

The adoption of Resolution 2016-13 will establish the methodology used to calculate the fire assessment rate. Adoption of Resolution 2016-13 will set the initial assessment rate. A final assessment resolution will have to be adopted before the Fire Protection Assessment is implemented for the fiscal year beginning October 1, 2016.

RECOMMENDATION

It is recommended that the City Commission set the initial Fire Protection Assessment rate and adopt Initial Assessment Resolution 2016-13 providing for Fire Protection Assessments for fiscal year beginning October 1, 2016. Staff is recommending the following rate scenario:

45.25% funding	\$1,024,904 estimated net revenue
Property Category	Assessment Rate
Single-Family	Per dwelling unit \$146
Multi-Family	Per dwelling unit \$72
Mobile Home	Per dwelling unit \$129

Property Category	Assessment Rate
Commercial	Per Sq Ft \$.06
Industrial/Warehouse	Per Sq Ft \$.01
Institutional	Per Sq Ft \$.08

The above rate scenario adds two additional residential categories that are not in the currently adopted Fire Protection Assessment. All categories with the exception of Industrial/Warehouse will see a reduction in fire assessment rates. The overall reduction in total estimated net revenue will be \$249,524.

The City will yield the same revenue with a 12.25% reduction in the funding scenario due to the change in collection method. With the current direct billing method the city anticipated a collection rate of 80%. With the property tax bill method the city anticipates a collection rate in the mid to high 90% range.

BACKGROUND

On June 16, 2015, the City Commission adopted Resolution 2015-09 which set the final Fire Protection Assessment rate for the fiscal year beginning October 1, 2015 as follows:

57.5% funding		\$1,274,428 estimated net revenue	
Property Category	Assessment Rate		
Residential	Per dwelling unit	\$150	
Property Category	Assessment Rate		
Commercial	Per Sq Ft	\$.08	
Industrial/Warehouse	Per Sq Ft	\$.01	
Institutional	Per Sq Ft	\$.12	

Last year the fire assessment fee was directly billed from the city with all subsequent years' assessments appearing on the property tax bill through the Polk County Tax Collectors Office.

OTHER OPTIONS

Rely solely on ad valorem taxes to fund fire protection services, equipment and programs.

FISCAL IMPACT

The Fire Protection Assessment will create a dedicated funding source for fire protection services. While the Fire Protection Assessment will not completely fund fire protection services, it will fund 45.25% of the fire department's budget.

[End Agenda Memo]

City Clerk Clara VanBlargan read Resolution 2016-13 by title only:

A RESOLUTION OF THE CITY OF LAKE WALES, FLORIDA, RELATING TO THE PROVISION OF FIRE PROTECTION SERVICES, FACILITIES AND PROGRAMS; PROVIDING AUTHORITY, PURPOSE, AND DEFINITIONS; PROVIDING LEGISLATIVE FINDINGS; DESCRIBING THE METHOD OF ASSESSING FIRE SERVICES ASSESSMENT COSTS AGAINST PROPERTIES WITHIN THE CITY OF LAKE WALES; DETERMINING THE FIRE ASSESSMENT COST AND INITIAL FIRE SERVICES ASSESSMENTS; DIRECTING THE PREPARATION OF AN ASSESSMENT ROLL; AUTHORIZING A PUBLIC HEARING AND DIRECTING THE PROVISION OF NOTICE THEREFOR; PROVIDING FOR SEVERABILITY, CONFLICTS, AND AN EFFECTIVE DATE.

Fire Chief Joe Jenkins reviewed Agenda Item 10.III. He said this is similar to the process that we started last year, the initial rate assessment resolution. The recommended rate scenario from staff this year has some differences that you will see from the current adopted rate scenario. The residential category has been split into three categories: single family/duplex; multi-family consisting of three or more units; and mobile home. The commercial warehouse institutional and non-residential institutional all stayed the same. The fee rate structure for all these categories have gone down. Single-family rate went from \$150 to \$146, the new category multi-family went from \$150 per unit to \$72 per unit, and a mobile home went from \$150 per mobile to \$129 per mobile home. We were able to do these three categories this year versus last year because there was some data that we did not have compiled last year and hearing comments from commissioners and citizens alike we actually went back into our records and dug deeper and were able to bring up these numbers so we could put this into three categories. If you look at the non-resident commercial it will go from 8 cents a sq. ft. to 6 cents a sq. ft. A warehouse will stay a penny and institutional will go from 12 cents to 8 cents a sq. ft. This will bring in the same dollars that we projected that we would bring in this year at an 80% collection rate because we did a direct billing this year and then in October it will be going on the tax bill as a non-ad valorem assessment. This will allow the citizens to use the 4% discount similar to when you pay your ad valorem taxes. The 4% will also be seen on the non-ad valorem fire assessment. With the discount a single-family will go down from \$146 to \$140.16 and all the other categories will go down likewise by 4%. This resolution will not put a fire assessment in place for 2016-2017. It is just the first step that has to be done to set the not-to-exceed initial rate and then we will come back on September 6th to get the final resolution in place.

Commissioner Perez asked for a hard copy of the resolution and the Mayor said he can print one down from his computer. Mr. Fields said a hard copy will be given to him.

Mayor Fultz said this resolution was talked about by Commissioner Gibson at the last Commission meeting and that they had already talked about it and considering that. New information came in later that allowed us to take a look at it and consider something on this. This is the most sensible thing that we can look at right now as far as trying to adjust the areas that we are looking at so he really wished Commissioner Gibson was here so we could hear his voice on this but since he is not we will go on but we did honor his request by looking into that.

Commissioner Thornhill said staff did a good job with listening. He said the biggest thing he heard was with mobile home parks. Fire Chief Jenkins said there are 478 mobile homes in the City limits. There are three separate mobile home parks and the one park that Commissioner Thornhill is referring to have the majority of those mobile homes, 418 permitted lots. That particular lot with this methodology and this rate scenario would actually save \$10,935 from this year to next year if they utilize that 4%.

Mr. Fields said this is based on actual fire runs that the fire department makes. He said the other complaint we got last time was with multi-family homes where one building with six structures was paying six times as much as one building with one structure. Rental property tends to be in a different income category so this addresses that issue and makes it a bit more fairly in terms of multi-unit residences. Hopefully, the landlords and mobile home park owners will pass the saving on down to their tenants. The City has done what it can to make this a more equitable approach. It is based on actual usage of the fire service by the type of residences involved.

Fire Chief Jenkins said we have to make sure we explain mobile home rates to the mobile residents. The park owners who are getting the invoices and not the residents need to understand that the City of Lake Wales is not invoicing them individually. The fact that there are only 478 mobile homes in the City limits that is not enough to smooth the cost of fire runs.

Commissioner Perez said if this is approved he would like for all the newspapers to identify those things that we have talked about so they recognize what we are doing because of all the complaints he received. This

is a great first step in what we are going to do. Chief Jenkins said it is a reduction of the assessed dollars by \$249,000, this year and next year.

Commissioner Howell said she does not think the people in Lake Wales was educated enough the last time so that we will educate them more this time. It needs to be in the newspapers showing examples so people will know what they will be paying and that it is a reduction. Other city residents might be paying less now but they will be going up and people need to know that. The Mayor said the media needs to get a hard copy of the resolution so they will have the rate scale to put in the paper for people to see which is the begging of the educational process.

Commissioner Thornhill asked about vacant lots and Fire Chief Jenkins said we still will not be charging vacant lots. What we didn't charge this year will not be charged again next year such as the institutional not-for-profits.

Commissioner Thornhill said Christopher Lutton would like to speak on this so the mayor called him forward. Mr. Lutton, resident, said when we first started talking about this over a year ago we were trying to be fair about what people would be paying for their protection. Somehow the non-profit entities got by on it 100%. Ideally, with separation of church and state the church sanctuaries should be non-profit even though the fire department annually goes there and does a fire inspection for the safety of all the people that go in there so we are spending money for that space. We have a lot of non-profits in this City that have buildings that are not used for their main sanctuary religion. Some of them are rentals that they are making money on although it might not be that much but they are benefiting from it. They are using for a business enterprise and they need to share the burden because they do get the benefit of the service even if it is a vacant storage building.

Mr. Fields said the non-profit sanctuary would be exempt and explained what ways non-profits would have to pay. Fire Chief Jenkins said he sat down with one of the non-profits and reviewed every property they owned to learn its usage so they can pay accordingly. The only institutional that actually get charged the institutional rates are the for-profit institutions.

Mr. Fields explained that this has to be done now so the tax collector can put it on the TRIM notice which is a cost savings. Last year we had to mail out a first class letter to all the property owners so doing it this way it will go on the TRIM notice sent to everybody and then on the tax bill come next November.

Charlene Bennett, resident, said if she owned a 2-bedroom shack worth \$10,000 she would have to pay the same fee as somebody owning a 7-bedroom mansion, which will probably take a lot more fire trucks and a lot more water, etc. She asked if something can be done differently for that. Fire Chief Jenkins said when we look at a single-family dwelling it's not the size or the value of the home it's the scope of the dwelling. The initial response from our fire department will be the same whether it's for a 10,000 sq. ft. house or a 1,000 sq. ft. home. It is based on the initial response and we send what we have. If it were a larger home, a mountain lake style home, we might ask for help beyond what we can provide through mutual aide. We do not charge mutual aid and we provide mutual aid. It is not based on value or the size of the home but a dwelling.

Mr. Fields said this is a methodology that has been around now for 20+ years. It's been approved by the courts and has withstood numerous challenges. Just about the time we did our assessment last year a methodology was being used by some cities that is newer and so far had only one court challenge where the supreme court did uphold it on that case but we do expect additional challenges. It is based in part by value of a home but what we discovered when we looked at it the nature of that methodology sheds more of the burden on to residential property so even though it is based partly on value, the way that methodology works is that it sets a base rate for every property in the City and then you add on a number based on value of the property. As an example, Haines City uses that methodology and their base rate for every single property in the City is the same as our residential rate, \$146 basically, and then they add on top of that a

number based on the value of the structures on the property. As a result, the residential rate in most cases is about \$190. Fire Chief Jenkins said there are two tiers to that: one is to provide availability of the service which is a flat rate that everyone pays which is about \$143 and then tier two would be so many dollars, pennies or whatever the number came up to for every \$1,000 of improvement made to that property plus the flat rate, \$143. So for a \$100,000 home they would pay \$243.00 for that property.

The mayor asked Fire Chief Jenkins about other cities that might be comparable to ours and Fire Chief Jenkins said that Polk County Rescue uses the same methodology as we do and they also have three categories for residential but the rates are a little higher. However, for a mobile home the rate is only \$87 but they have more mobile home parks that allow them to spread the cost out.

Commissioner Howell asked what to say when voting and Fire Chief Jenkins answered that there is a couple ways of doing that: you can say the \$146 and we will know that is the rate scenario for the single-family homes or you can say at the 45.25% funding rate which should be shown at the top of the chart.

Commissioner Howell made a motion to adopt Resolution 2016-13 with the not-to-exceed funding rate of 45.25%. Commissioner Perez seconded the motion.

By Roll Call Vote:

Commissioner Howell "YES"
Commissioner Perez "YES"
Deputy Mayor Thornhill "YES"
Mayor Fultz "YES"

The motion carried 4-0.

RE: COPS Grant Application – FY 2016'17

SYNOPSIS

This application requests partial funding for two full-time police officers from the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office), to be effective October 1 2016 (FY 2016'17). The application deadline is June 23rd.

PREPARED BY

CITY OF LAKE WALES
FINANCE DEPARTMENT

Nature of Statement and Information Disclosed

This is a statement of fiscal impact for the grant performed as required by and in accordance with Section 2-802, Article VIII of the City of Lake Wales Code of Ordinances. It is a statement solely for the purpose of analyzing and reporting the fiscal impact on the City of either applying or not applying for this grant, using certain assumptions as indicated herein. No attempt is made to evaluate the Grant Application for suitability to City objectives.

In order to provide an unqualified statement of fiscal impact that can be certified as reasonably full and complete by the Finance Department, certain information must be provided permitting Finance Department personnel to produce a full and complete determination as to all anticipated fiscal impacts. This impact statement was produced using:

- **Agenda Memo prepared by Jennifer Nanek**
- **Grant Application**

This impact statement represents, in our unqualified opinion, a valid estimate of known present or future impacts anticipated to result from the acceptance of the aforementioned grant.

In some cases, the nature of a fiscal impact is described rather than stated using specific dollar amounts or figures. This is done in order to provide information on the nature of the expected fiscal impact where there simply is not enough information to quantify the impact, or whether the exact amount of the impact depends on the exact type of future events or conditions.

General Assumptions

A fiscal impact statement constitutes a forward-looking statement on the acceptance of grant funds and the proper execution of all requirements as set forth in any grant application, agreement, covenants attached to real or tangible property, or other duly enforceable stipulations. In order to produce such a statement, assumptions about future events and conditions must be made.

In any case where a reasonable expectation of a future condition or event has been disclosed or is already known to Finance Department personnel, that information has been used as an Assumption in the fiscal impact statement. Expectations not known or not considered reasonably expected to occur have been excluded from the fiscal impact statement. If an event or condition may occur which would have a material and *direct* fiscal impact, but is not reasonably expected to occur, it is disclosed in the fiscal impact statement.

General Assumptions are made in this fiscal impact statement that the City Staff executing the grant program already possess the required knowledge and expertise to expertly perform all of the requirements of the grant, and that the information provided to prepare this impact statement is true and correct. It is also assumed that no outside events will create a positive or negative influence on the grant program, and that there will be no changes in the legal, operational, or economic environment in which the grant program, and the City as whole, operates, except as disclosed herein.

RE: Ordinance 2016-08 – 2nd Reading and Public Hearing
Amendments to Chapter 12 – Health Sanitation, Nuisances, and Minimum
Property Maintenance Standards

SYNOPSIS

This ordinance addresses a reconfiguration of Chapter 12. It returns items to code that were removed in 2012 that are essential to the health safety and welfare of our community.

RECOMMENDATION

Staff recommends the adoption of Ordinance 2016-08 after second reading and public hearing.

Public notice requirements have been met.

BACKGROUND

Upon thorough review of Chapter 12 it was determined that there were items that had been included prior to the 2012 amendment that were integral to performing code enforcement duties that were no longer represented in the code. The most significant of these were dealing with motor vehicles and vessels. Staff is also proposing more specific wording for common violations so that the citizenry will be better informed as to what is expected of them.

Property clearing, junk and trash, trees, and dangerous conditions were all relocated under Article II Nuisances. Division 4 is amended to set Motor Vehicles apart in their own sections. Updated specifications are included for property address numbers.

FISCAL IMPACT

The amendments have no identifiable fiscal impact themselves.

OTHER OPTIONS

City Commission may modify the proposed amendments as determined appropriate.
