**Agenda Item 6.I. EDC Quarterly Evaluation Report On The Progress Of Economic Development Programs & Activities - Presentation By Kevin Kieft, President/CEO Of The Lake Wales Area Chamber Of Commerce**

Kevin Kieft, Lake Wales Area Chamber of Commerce and Economic Development Council, reported on the progress of economic development programs and activities for the quarter, some future activities, and some upcoming events. He also gave an update on the recent progress made on the Walesbuilt Hotel, which included the continued work on the ground floor and said he continues to meet with Mr. Brown on a bi-weekly basis. There is probably some money currently going into the development from a Palm Beach based financier that is allowing them to do some of the work there. They are working on some tax credits through the State of Florida.

Commissioner Perez asked about the downtown. Mr. Kieft said there are some potential buyers for some of the buildings and there is a new candy show downtown. He is looking forward to Main Street's restructuring and working with them a little closely since a lot of their small business leads do not come through the Chamber office. The Chamber does not have a dedicated Main Street program within because they do not have the resources and it works best with Main Street in a co-work type of relationship so they rely on the Main Street organization to help them with that. They cannot dedicate resources to the downtown; they are available to work on properties, available to meet with business owners, but to act, as a recruiter in the downtown and put on events is much different. Commissioner Perez said Main Street is a priority for him because it encourages people to come to the downtown. Commissioner Perez asked if the City needed to give some the money budget for the EDC to Main Street and Mr. Kieft said yes, if you want to kill the EDC. Commissioner Perez said we keep forgetting about the downtown. It is an absolute necessity to encourage people to come here. He cannot invite anybody to the downtown because there is nothing there so he has to think about a priority of what we are going to do from a budgeting perspective.

Commissioner Gibson said the EDC has been very cooperative with this and we have provided in our last budget for the partner that EDC needs for downtown so we do not need to take anything from the EDC budget to give to Main Street. There is \$100,000 in there for contract services and part of that money the Main Street organization will use for the hiring of a Main Street Director, and then they will

get re-qualified for the Main Street program out of the State of Florida. The City will also contract with Main Street and the model of that contract will be the same as the one with EDC, which functions much differently than what downtown needs to do. The two are compatible as partners but different economic development emphasizes. Mr. Gibson asked the status of doing the contract between Main Street and the City. Mr. Fields explained that in a sense there are three players involved in the economic development effort with the City. The focus of EDC is the broad spectrum of economic development, new businesses, and existing businesses in the City. The recent sale of the Longleaf Business Park is one example of that successful effort through the EDC mechanism and we are building links through the EDC through the EDC mechanism and the City established a good relationship with the business community through the EDC mechanism. That was stage one. The other two important players are Main Street and the CRA. The Main Street is going to require some major CRA funding for major organizational things. Money was also budgeted for the rewrite of the CRA plan, which is an important factor in determining the needs and looks of the downtown. A CRA plan must be in place before spending money on doing things in the downtown along with a large amount of community input from the retail business owners and citizens. We have to come up with newer ideas than that from 20 years ago to make the downtown more attractive and a lively place to do all things we have been talking about and we are in the process of writing an RFP to hire a consultant to rewrite the CRA plan. The infrastructure from a large degree had been addressed to jumpstart downtown through the CRA. This Commission sits as the CRA Board when that happens, which is the second player, and the third one is the revised Main Street organization. A Main Street is typically a partnership between the City and business much like the EDC but with a different focus and very much developing just the downtown. The existing Main Street organization has been around awhile and it is not an official Main Street organization because it does not meet the criteria for that. Currently it is really just for marketing which is a narrow focus and a Main Street has to have more of a focus and a bigger vision.

Mr. Fields said he is meeting with the State Main Street coordinator next week to start developing ideas as to what we would like to see and he will be asking the City Commission for a workshop to determine what we would like the Main Street organization to be doing for us. Therefore, before negotiating a contract he is needing direction from the Commission as to what we would like them to do and what their responsibility and priorities should be. None of this happens overnight but he is hoping that between now and the end of the year we have all the pieces in moving forward in parallel with a CRA plan rewrite and a contract for a downtown Main Street organization. Then, we can move that forward during the rest of the year. The public participation portion of this for both the Main Street organization and the CRA is extremely important. In talking to other city managers, redevelopment coordinators, and planning directors, he learned that you could not hire a consultant and have a plan imposed on you that does not meet the needs of the City. The plan has to involve a large amount of citizen input or it will not be successful. Every city is different with different characteristics and there is no comparison of amenities. We do not have some of the things that some cities have but we do have some aspects that we can build on and citizen input and involvement will help with that.

Commissioner Gibson said that out of those three players there is a strong relationship between two and three because CRA is really the logical funder for downtown development when you have a historic downtown because all of that is redevelopment, which is where we missed out in the past and the CRA plan will get that on the right track. The CRA needs to be a strong partner with the EDC because it all works together. Mr. Kieft said they do need Main Street as a strong partner.

Deputy Mayor Thornhill said he is excited to see in five years what is here because of all the changes being made.

[Begin Agenda Memo]

### **SYNOPSIS**

The approval of the special event permit application will allow the House of Prayer Pentecostal Holiness Church to hold their annual October Youth Festival on October 29, 2016 and allow for the temporary closing of Seminole Avenue.

### **RECOMMENDATION**

It is recommended that the City Commission take the following action:

1. Approve the special event permit application from the House of Prayer Pentecostal Holiness Church for their Annual October Youth Festival event to be held Saturday October 29, 2016
2. Approve the temporary street closing of Seminole Avenue from First Street to Scenic Highway between the hours of 12:00 p.m. and 5:00 p.m.

### **BACKGROUND**

The House of Prayer Church submitted a special event permit application for their annual Church October Youth Festival event to be held October 29, 2016 at 506 North First Street. This application also includes a request for the temporary closing of Seminole Avenue from Scenic Highway (SR17) to First Street between the hours of 12:00 a.m. and 5:00 p.m. The House of Prayer will be having a Bounce House, carnival booths, kids games, and food at their Activity Center located across the street on Seminole Avenue.

In the past the church has requested from the City Commission the temporary closing of Seminole Avenue for this event held each year. This prevented vehicular traffic from entering this area and presenting a serious safety issue for the children and parents crossing Seminole to reach the Activity Center. The closure of Seminole Avenue for this event will eliminate this possibility.

Staff has reviewed the application and has no issues with the street closing. The church is handling all site set ups, sanitary facilities, trash receptacles and trash clean up. Insurance is being provided as required.

### **OTHER OPTIONS**

Do not approve the event or street closing.

### **FISCAL IMPACT**

There is no cost to the City for this event.

security reasons only. Any trash clean up during the event will be the responsibility of the Arts Council. Insurance has been provided as required. The Arts Council will be responsible for sanitary facilities and a dumpster.

#### **OTHER OPTION**

#### **FISCAL IMPACT**

Prepared by the Finance Department and attached.

[End Agenda Memo]

**Agenda Item 9.VI. FRDAP Grant Application: Soccer Field Lighting**

[Begin Agenda Memo]

**SYNOPSIS**

This is a grant application for \$50,000 toward the improvements of the Soccer Complex on Hunt Brothers Road. These funds will be for additional lighting on two fields. Deadline for submittal is October 28. There is no match requirement but the total cost of two light poles is \$74,000 so a match is listed at \$25,000.

**RECOMMENDATION**

Staff recommends that City Commission take the following action:

1. Approve the Florida Recreation Development Assistance (FRDAP) grant application to be submitted to the Department of Environmental Protection for lighting improvements to the Soccer Complex.
2. Authorize the City Manager to execute the applications on the City's behalf.

**BACKGROUND**

When the Soccer Complex was completed in 2008 only 25% (approximately) of the necessary field lighting was installed. As a result, the majority of the complex is not usable after daylight hours. The fields that are currently lit require much more maintenance as they are overused due to the unavailability of the lights on the remaining fields. This next phase of lighting will be strategically installed in the center of the complex in an effort to light as many of the fields as possible, maximizing the dollars spent. This complex facilitates recreation for approximately 600 children annually.

This application is for the last phase of an effort to light all of the fields. If awarded, the City will receive the grant agreement in July 2017. A match is not required but the cost of two light poles is \$74,000 so if this grant is awarded the \$50,000 will need a match of \$25,000 to install the last two needed poles on the fields.

**OTHER OPTIONS**

Do not submit the application.

**FISCAL IMPACT**

A match of \$25,000  
Prepared by the Finance Department and attached.

## RECOMMENDATION

It is recommended that the City Commission:

1. Authorize the Mayor to execute a Contract for Services with the Lake Wales Housing Authority for Fiscal Year 2016-2017.

## BACKGROUND

Since 2011/2012 the CRA Board of Commissioners have approved funding a law enforcement officer position to provide supplemental law enforcement services toward designated CRA areas and the Lake Wales Housing Authority, Grove Manor Complex.

## 10. OLD BUSINESS

**Agenda Item 10.I. Ordinance 2016-19, Amendment to Chapter 23 Zoning, Land Use and Development Regulations, Article VI Resource Protection Standards, Division 1, Development in Flood Prone Areas – 2<sup>nd</sup> Reading & Public Hearing**

[Begin Agenda Memo]

## SYNOPSIS

The adoption of Ordinance 2016-19 repeals and replaces Chapter 23, Article VI, Division 1, Development in Flood Prone Areas.

## RECOMMENDATION

It is recommended that the City Commission approve after second reading and public hearing.

## **BACKGROUND**

In accordance with F.S., Chapter 166, the Legislature of the State of Florida authorized local governments to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. The City of Lake Wales accepted participation in the National Flood Insurance Program on March 16, 1988.

The Federal Emergency Management Agency has identified special flood hazard areas within the boundaries of City of Lake Wales that may be subject to periodic inundation and could result in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base. This could adversely affect the public health, safety, and general welfare of those living in the City of Lake Wales.

To better protect the public health, safety, and general welfare of the citizens of the City of Lake Wales, it necessary to repeal the current language in the Lake Wales Code of Ordinances regarding flood prone areas and replace it with language compatible to the Florida Building Code. This will establish minimum requirements to safeguard the public health, safety, and general welfare and to minimize public and private losses due to flooding through regulation of development in flood hazard areas.

## **FISCAL IMPACT**

The fiscal impact of implementing this ordinance is the cost of a public hearing advertisement.

## **OTHER OPTIONS**

If the City Commission chooses not to adopt Ordinance 2016-19 the City is at risk of being removed from the National Flood Insurance Program. This means the citizens would not be able to purchase flood insurance and would not be eligible for post disaster relief.

[End Agenda Memo]

City Clerk Clara VanBlargan read **Ordinance 2016-19** by title only:

**AN ORDINANCE OF THE CITY OF LAKE WALES, POLK COUNTY, FLORIDA AMENDING THE CITY OF LAKE WALES CODE OF ORDINANCES BY REPEALING CHAPTER 23 ZONING, LAND USE AND DEVELOPMENT REGULATIONS, ARTICLE VI RESOURCE PROTECTION STANDARDS, DIVISION 1 DEVELOPMENT IN FLOOD PRONE AREAS TO ADOPT A NEW DIVISION 1 DEVELOPMENT IN FLOOD PRONE AREAS; TO ADOPT FLOOD HAZARD MAPS, TO DESIGNATE A FLOODPLAIN ADMINISTRATOR, TO ADOPT PROCEDURES AND CRITERIA FOR DEVELOPMENT IN FLOOD HAZARD AREAS, TO FORMAT AMENDMENTS TO THE FLORIDA BUILDING CODE, AND FOR OTHER PURPOSES; PROVIDING FOR APPLICABILITY; REPEALING ALL ORDINANCES IN CONFLICT WITH THIS ORDINANCE; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.**

Building Official Cliff Smith reviewed Agenda Item 10.I and said in order to comply with FEMA's regulations this ordinance must be adopted by December 22, 2016.

## **OPENED PUBLIC HEARING**

There were no comments from the public.

## **CLOSED PUBLIC HEARING**

Commissioner Howell made a motion to adopt Ordinance 2016-19 after second reading and public hearing. Commissioner Gibson seconded the motion.

By Roll Call Vote:

Commissioner Howell "YES"  
Commissioner Gibson "YES"  
Commissioner Perez "YES"  
Deputy Mayor Thornhill "YES"

The motion carried 4-0.

## 10. NEW BUSINESS

## 11. CITY MANAGER

The City Manager provided the following updates:

- The issue with the Bombers and Independence has been resolved in terms of sharing a field.
- The EOC was activated for Hurricane Matthew and everything turned out okay. We incurred about \$30,000 in overtime costs, he will continue pushing Polk County, and he is sure that Polk County is pushing to be included in the Disaster Declaration so we can be reimbursed for those costs but for now it will be out of pocket.

Mr. Fields requested the Mayor's car allowance be raised to \$300 a month, the same as his, since he is on the road a lot doing business for the City. The City Commission provided consensus.

Mr. Fields said on Thursday, he will be attending the Florida City and County Management Association meeting at the Haines City Lake Eva Complex and he is the host of that meeting. The topic will be "Medical Marijuana and What it Means to Your City." It is a meeting for the professionals to start looking at potential impacts. For those attending from out of town Lake Wales was designated as the hotel site.

## 12. CITY COMMISSION COMMENTS

Commissioner Perez thanked the City Manager for resolving the ball field issue.

Commissioner Gibson commented on an event he attended on education and said technology will play a big part in the future. He asked where the City stood with getting fiber optic cable and getting internet and Wifi in the downtown. Mr. Fields said he would put on a future agenda the IT Plan to address that. Commissioner Gibson said everybody will have it and this could be an opportunity for us to have it first or who does the best job of it.

Commissioner Gibson said that since the City Manager is meeting with the State Director of Main Street we should consider moving ahead with the contract with the Main Street Director for that person would be very helpful in the revision of the CRA plan.

### 13. MAYOR COMMENTS

Deputy Mayor Thornhill invited everyone to attend the upcoming Pioneer Days event and the walking tour at the Depot Museum. He asked that everyone keep Mimi Hardman in their prayers so she can attend the Pioneer Day event. He also made complement on the City Parks and said that they are used by a lot of people.

The meeting was adjourned at 6:44 p.m.

## MEMORANDUM

---

October 25, 2016

**TO:** Honorable Mayor and City Commission

**VIA:** Kenneth Fields, City Manager

**FROM:** Sarah B. Kirkland, Utilities Director

**SUBJECT:** Award of Bid for Construction SR 60 Western Utilities Expansion

**SYNOPSIS:** Staff recommends the award of bid to Harris-McBurney Company in the amount of \$5,401,130.90 for construction services and Kimley Horn & Associates in the amount of \$229,218.00 for engineering construction services for the SR 60 Western Utilities Expansion project.

### **STAFF RECOMMENDATION**

It is recommended that the City Commission consider taking the following action:

1. Approve the award of bid to Harris-McBurney Company in the amount of \$5,401,130.90 for the SR 60 Western Utilities Expansion Project.
2. Approve the engineering construction services contract to Kimley Horn & Associates in the amount of \$229,218.00 for the SR 60 Western Utilities Expansion Project.
3. Authorize the City Manager to execute the appropriate documents, on the City's behalf in regards to this service.

### **BACKGROUND**

In a court-approved stipulated settlement agreement dated May 18, 2007 (the "Settlement Agreement"), the City of Lake Wales, Florida (hereinafter "Lake Wales" or "City") and the City of Winter Haven, Florida ("Winter Haven") (collectively, the "Cities") agreed to an updated utilities territorial service area to depict the exclusive water, wastewater and reclaimed water service area for each city. Further, the Cities, in an effort to address possible inadequate water flow in their respective systems, provided for four interconnection facility locations.

The Settlement Agreement provided for the first interconnection facility to be constructed at the Lake Ashton subdivision. The Lake Ashton Interconnection has been made and a second interconnection facility is now planned for a location in unincorporated Polk County west of the City near the intersection of S.R. 60 and the CSX Railroad Line. The interconnection facility at this location, though not specifically located, has been designated as the S.R. 60 Interconnection Facility.

The Settlement Agreement requires the Cities to acquire the easements that are necessary for the extension of their respective water lines to an interconnect facility. It is expected that private properties in the vicinity of the extended lines can be served. In addition, the City Utility Department staff, with the concurrence of the City Manager, has determined that it would be prudent, cost effective and in the public interest to extend sanitary sewer lines within the easements so that those properties in the vicinity of the extended sewer lines can be served.

In furtherance of the obligations imposed by the Settlement Agreement and the desire to provide expanded water and sewer service, the City contracted with the engineering firm of Kimley-Horn Associates, Inc. to provide construction plans for the S.R. 60 Utility Extension Project. The construction plans were completed in September 2015.

The project was set out to bid on August 5, 2016 and a mandatory pre-bid conference was held on August 15, 2016. The closing date for all submittals was September 29, 2016. There were six responsive bidders that ranged from \$5,401,130.90 to \$10,456,405.96 to which Harris-McBurney Company was the lowest responsive bidder.

Staff is recommending the City Commission approve the following actions, the award of bid to Harris-McBurney Company in the amount of \$5,401,130.90 for the construction of the SR 60 Western Utilities Expansion Project and approve the contract for construction services to Kimley Horn & Associates in the amount of \$229,218.00 for engineering construction services for the SR 60 Western Utilities Expansion project.

**OPTIONS**

Not go forward with the awarding of both contracts at this time which would delay the start of construction.

**FISCAL IMPACT**

Funding for this project is through the State Revolving Fund Loan program and a Legislative Appropriations Grant in the following amounts:

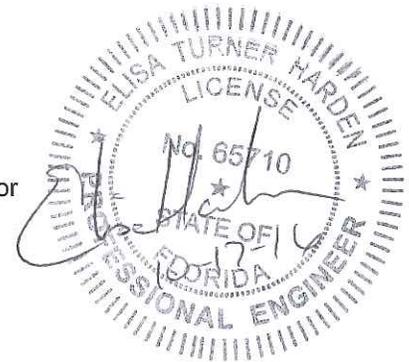

Clean Water Funding	\$3,247,515.00
Drinking Water Funding	\$2,132,834.00
Legislative Appropriations Grant	\$ 250,000.00

## MEMORANDUM

To: Mrs. Sarah Kirkland, City of Lake Wales, Public Works Director  
From: Elisa Harden, P.E., Kimley-Horn and Associates, Inc.  
Date: October 17, 2016  
Subject: Contract Award Recommendation

Reference is made to the bids opened on September, 29, 2016, Bid Number 16-419 for the State Road 60 and Airport Road Water and Sewer Extension.

Six bids ranging from \$5,401,130.90 to \$10,456,405.96 were received. Five of the bids ranged from \$5,401,130.90 to \$6,957,142.45, which reflects a competitive bidding process.

The engineers estimate was \$5,393,495.66.

Attached for your review and approval is a copy of the tabulation of bids for all bidders. The apparent lowest responsive, responsible bidder is HARRIS-McBURNIEY COMPANY at \$5,401,130.90. Kimley-Horn recommend that the City of Lake Wales accept the bid and recommends award to Harris-McBurney Company.

It should be noted that Mr. Gerry Gilbert, President of Harris-McBurney Company met with Kimley-Horn and Associates and the City of Lake Wales on October 12, 2016 to discuss his bid and he has confirmed that he is satisfied with the bid and that the bid contained no errors or omissions. We specifically discussed the dewatering and Davis Bacon compliance tasks and Mr. Gilbert felt that his fees were sufficient and that no additional monies would be requested to complete these or other tasks per the bid documents.

It was discussed that the City of Lake Wales would award both Phase 1 and Phase 2 of the project to Harris-McBurney Company and that the utility extension work would stop just west of West Lake Wales Road (due to future FDOT) and that any work not completed by Harris-McBurney would not get charged to the City of Lake Wales or Kimley-Horn and Associates, Inc.

The utility mains are to be utilized by potential future development and existing customers along the route.
2. The project has completed the public bidding process and it is anticipated that a contractor will be selected once the bids have been reviewed.
3. Kimley-Horn will review and make recommendations to the City when provided reasonable value engineering opportunities from the selected contractor.
4. The City of Lake Wales has requested that Kimley-Horn, as the engineer of record for the utility line extensions, provide construction phase services as specifically described below.

##### **SCOPE OF SERVICES**

###### **TASK 1 – CONSTRUCTION PHASE SERVICES**

*Pre-Construction Conference.* Consultant will conduct [or attend] a Pre-Construction Conference prior to commencement of Work at the City Office.

*Visits to Site and Observation of Construction.* Consultant will make an average of 1-weekly visit in order to observe the progress of the Work. Such visits and observations by Consultant are not intended to be exhaustive or to extend to every aspect of Contractor's work. Observations are to be limited to spot checking, selective measurement, and similar methods of general observation. Based on information obtained during such visits, Consultant will evaluate whether Contractor's work is generally proceeding in accordance with the Contract Documents, and Consultant will keep Client informed of the general progress of the Work.

Consultant shall not, during such visits or as a result of such observations, supervise, direct, or have control over Contractor's work, nor shall Consultant have authority over or responsibility for the means, methods, techniques, equipment choice and usage, sequences, schedules, or

procedures of construction selected by Contractor, for safety precautions and programs incident to Contractor's work, nor for any failure of Contractor to comply with applicable laws and regulations. Consultant neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish and perform its work in accordance with the Contract Documents.

*Recommendations with Respect to Defective Work.* Consultant will recommend to Client that Contractor's work be disapproved and rejected while it is in progress if, on the basis of such observations, Consultant believes that such work will not produce a completed Project that conforms generally to Contract Documents.

*Clarifications and Interpretations.* Consultant will respond to reasonable and appropriate Contractor requests for information and issue necessary clarifications and interpretations of the Contract Documents to Client as appropriate to the orderly completion of Contractor's work. Any orders authorizing variations from the Contract Documents will be made by Client.

*Change Orders.* Consultant may recommend Change Orders to Client, and will review and make recommendations related to Change Orders submitted or proposed by the Contractor.

*Shop Drawings and Samples.* Consultant will review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the information given in the Contract Documents. Such review and approvals or other action will not extend to means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction or to related safety precautions and programs.

*Substitutes and "or-equal."* Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor in accordance with the Contract Documents, but subject to the provisions of applicable standards of state or local government entities.

*Inspections and Tests.* Consultant may require special inspections or tests of Contractor's work as Consultant deems appropriate, and may receive and review certificates of inspections within Consultant's area of responsibility or of tests and approvals required by laws and regulations or the Contract Documents. Consultant's review of such certificates will be for the purpose of determining that the results certified indicate compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Contract Documents. Consultant shall be entitled to rely on the results of such tests and the facts being certified.

*Disagreements between Client and Contractor.* Consultant will, if requested by Client, render written decision on all claims of Client and Contractor relating to the acceptability of Contractor's work or the interpretation of the requirements of the Contract Documents pertaining to the progress of Contractor's work. In rendering such decisions, Consultant shall be fair and not show partiality to Client or Contractor and shall not be liable in connection with any decision rendered in good faith in such capacity.

*Applications for Payment.* Based on its observations and on review of applications for payment and accompanying supporting documentation, Consultant will determine the amounts that Consultant recommends Contractor be paid. Such recommendations will be based on Consultant's knowledge, information and belief, and will state whether in Consultant's opinion Contractor's

work has progressed to the point indicated, subject to any qualifications stated in the recommendation. In the case of unit price work, Consultant's recommendations of payment will include determinations of quantities and classifications of Contractor's work, based on observations and measurements of quantities provided with pay requests. Consultant's recommendations will not be a representation that its observations to check Contractor's work have been exhaustive, extended to every aspect of Contractor's work, or involved detailed inspections.

*Substantial Completion.* Consultant will, promptly after notice from Contractor that it considers the entire Work ready for its intended use, in company with Client and Contractor, conduct a site visit to determine if the Work is substantially complete. Work will be considered substantially complete following satisfactory completion of all items with the exception of those identified on a final punch list. If after considering any objections of Client, Consultant considers the Work substantially complete, Consultant will notify Client and Contractor.

*Final Notice of Acceptability of the Work.* Consultant will conduct a final site visit to determine if the completed Work of Contractor is generally in accordance with the Contract Documents and the final punch list so that Consultant may recommend, in writing, final payment to Contractor. Accompanying the recommendation for final payment, Consultant shall also provide a notice that the Work is generally in accordance with the Contract Documents to the best of Consultant's knowledge, information, and belief based on the extent of its services and based upon information provided to Consultant upon which it is entitled to rely.

**Specific Services:** Consultant will provide the following construction phase services as part of this agreement. **TO:** Honorable Mayor and City Commission

**VIA:** Christopher Velasquez, Chief of Police; Joseph Jenkins, Fire Chief;  
Kenneth Fields, City Manager

**FROM:** Lieutenant Griffin Crosby, Support Services Commander

**SUBJECT:** Lease Agreement with Mears Motor Leasing

**SYNOPSIS:** Staff is requesting Commission approval to lease-purchase six (6) Police vehicles and one (1) Fire vehicle from Mears Motor Leasing under the Master Lease Agreement.

## **RECOMMENDATION**

It is recommended that the City Commission take the following action(s):

1. Approve the sixty (60) month lease of five (5) fully equipped 2017 Ford Police Interceptor vehicles and one (1) fully equipped 2017 Ford Police Interceptor K9 vehicle from Mears Motor Leasing based upon the Florida Sheriff Association Fleet competitive bid pricing.
2. Approve the sixty (60) month lease of one (1) fully equipped 2017 Ford Interceptor fire vehicle from Mears Leasing based upon the Florida Sheriff Association Fleet competitive bid pricing.
3. Authorize the City Manager to execute the necessary documents on behalf of the City.

## **BACKGROUND**

Within the FY 2016/17 annual budget, the City Commission approved \$250,352.00 for additional Police Department vehicles and \$42,405.00 for an additional Fire Department vehicle. The FY 2016/17 annual budget indicated the vehicles would be leased versus purchased with commission approval.

Staff recommends the lease-purchase of these vehicles for the following reasons:

### Police Department

- The five (5) fully equipped 2017 Ford Police Interceptor vehicles and one (1) fully equipped 2017 Ford Police Interceptor K9 vehicle include equipment up-fitting. These vehicles can be lease-purchased using the Florida Sheriff Association competitive bid pricing. The capital cost of these vehicles, if purchased outright, would be \$254,378.00. Under the lease-purchase agreement, the monthly lease payment is \$4,669.11 for sixty (60) months, with a total cost of \$280,146.60. These vehicles will replace marked police vehicles being removed from service through reassignment, sale, or other means of disposal.
- Under the Mears Motor Leasing agreement the annual cost of these vehicles is \$56,029.32 with an overall cost of \$280,146.60 at the end of 60 months. A full purchase would result in a current-year decrease in cash flow of \$254,378.00 as compared to \$56,029.32 per year.
- Mears Motor Leasing's proposal has an APR of 3.85% over the sixty (60) month term with a one (1) dollar residual buyout price for each vehicle.

- Six vehicles to be replaced will be sold via an online auction or traded for equivalent value in future vehicle equipment. Based upon the anticipated sale price of the vehicles that will be taken out of service this year, the expected revenue would be approximately \$12,000.00.

#### Fire Department

- The one (1) fully equipped 2017 Ford Interceptor Utility fire vehicle will include equipment up-fitting. This vehicle can be lease-purchased using the Florida Sheriff Association competitive bid pricing. The capital cost of this vehicle, if purchased outright, would be \$42,402.44. Under the lease-purchase agreement, the monthly lease payment is \$778.30 for sixty (60) months, with a total cost of \$46,698.00.
- Under the Mears Motor Leasing agreement the annual cost of this vehicle is \$9339.60 with an overall cost of \$46,698.00 at the end of 60 months. A full purchase would result in a current-year decrease in cash flow of \$42,402.44 as compared to \$9339.60 per year.
- Mears Motor Leasing's proposal has an APR of 3.85% over the sixty (60) month term with a one (1) dollar residual buyout price for each vehicle.

#### **OTHER OPTIONS**

- 1) Purchase the seven (7) public safety vehicles outright at a cost of \$296,780.44.
- 2) Retain the existing vehicles.

#### **FISCAL IMPACT**

The proposed FY16/17 lease obligation of \$49,031.69 (9 months) provided by Mears Motor Leasing is based upon a lease-purchase option for public safety vehicles. An additional \$12,000.00 or more income and savings should be realized during the first year based upon sale of vehicles taken out of service. Additionally, fleet maintenance costs will be reduced as a result of replacing the aged vehicles currently in use.

If the City Commission approves the vehicle lease agreement, the City is committed to a yearly lease payment of \$65,368.92 for the sixty (60) month leases. If revenues are insufficient in future years, an option would be to return the vehicles under the non-appropriation of funds clause. If it becomes necessary to exercise this option, however, the Police and Fire Departments would suffer the loss of the vehicles.

## Division 1. Generally

### § 2-26. Boards, commissions and committees organized under the code.

Several boards, commissions and committees have been organized pursuant to various provisions of the Code. The following general regulations apply to all of these boards, commissions or committees:

(1) *Residency.*

(a) Unless the ordinance creating a board, commission or committee provides otherwise or as provided in the following paragraph (b), membership on these boards, commissions and committees shall be limited to persons who are residents of the City of Lake Wales or owners of property located in the City of Lake Wales or persons having a business tax receipt issued from the City of Lake Wales.

(b) The Lake Wales Library Board consists of five (5) members appointed by the city commission. Four (4) members shall be appointed as provided in paragraph (a) above. One (1) member may be a resident of the unincorporated Greater Lake Wales area or a resident of the City of Lake Wales provided that the Lake Wales Public Library is a member of the Polk County Library Cooperative and receives operating funds from the Polk County Board of County Commissioners. For the purposes of this paragraph, the term "resident of the unincorporated Greater Lake Wales area" shall mean "any resident outside of the City of Lake Wales having a Lake Wales mailing address."

(2) *Voter registration.* Membership on boards, commissions and committees shall be limited to persons who are legally registered to vote.

(3) *Limit on consecutive terms.*

(a) Except as provided in paragraph (b) below, no person shall serve more than three (3) consecutive terms on a single board, commission or committee except that a person appointed to a partial term that is less than one-half ( $\frac{1}{2}$ ) of the normal term for that particular board, commission or committee shall be permitted to serve three (3) consecutive terms in addition to the partial term. Members appointed before July 1, 1989, may be permitted to serve three (3) additional consecutive terms. This limit on consecutive terms may be waived for members of regulatory boards (i.e., planning and zoning board, board of appeals, code enforcement, etc.) with the recommendation of the city manager where, in the sole discretion of the city manager, special circumstances exist which warrant the appointment of a particular member to an additional term.

(b) There shall be no limit to consecutive terms served by an elected or appointed trustee on a board established for the purpose of administering an employee retirement plan.

(4) *Limit on concurrent appointments.* No person shall serve on more than two (2) boards, commissions or committees at the same time with the following exceptions:

A. No person shall serve on more than one (1) pension board.

B. No person shall serve on more than one (1) regulatory board.

(5) *Appointment to regulatory boards.* All applicants seeking appointment to a regulatory board such as planning and zoning board, zoning board of appeals, code enforcement board, nuisance abatement board, and the like, shall be interviewed by the board chairman and the head of the department providing staff support to the particular board to ensure that the applicants understand the duties and responsibilities of the board, are capable of performing such duties and responsibilities and are willing to fulfill the requirements of serving on the board. Said interviews shall be open to the public. Following the interviews, the board chairman and department head shall provide the city commission with their recommendations for appointment.

(6) *Applications for appointment.* The city manager may, in his/her sole discretion, delay the forwarding of applications to the city commission until there are a sufficient number of applicants to fill all vacant positions on a particular board, committee or commission.

(7) *Nepotism.* Members of the immediate family of elected officials shall not be appointed to serve on a board, commission or committee. Members of the immediate family of a municipal officer shall not be appointed to serve on a board, commission or committee which relates to the area of responsibility of that municipal officer. Board, commission or committee members shall be required to resign if a member of the immediate family becomes an elected official or municipal officer with duties relating to business conducted by that board, commission or committee. Such members appointed before July 1, 1989, shall be permitted to serve until the expiration of their current term.

(8) *Attendance.* Absence from three (3) consecutive meetings of a board, commission or committee shall operate automatically to vacate the seat of that member, unless such absence is excused by that board, commission or committee by motion duly passed and recorded in the official minutes.

(9) *Sunset provision.* Inactive boards, commissions and committees may be discontinued by the city commission provided there is no statutory requirement that such board, commission or committee exists. Boards, commissions and committees shall be declared inactive if no meeting is called or no official business is conducted at least once in a twelve (12) month period.
