Gentlemen:

Although no Certificate of Occupancy has been issued yet by the City of Lake Wales for the above referenced facility, we hereby request that the City of Lake Wales authorize the appropriate utility company to turn on the electricity for the facility.

Our sole reason for asking the City of Lake Wales to cause the electricity to be turned on is to enable us to determine whether equipment and systems at the facility, which cannot function without electricity, are in working order. We agree and pledge that the facility will not be occupied until a Certificate of Occupancy has been issued by the City of Lake Wales.

We understand and agree that if the City of Lake Wales should hereafter find that the facility has been occupied before a Certificate of Occupancy has been issued, the City of Lake Wales has a unilateral right to direct that the electricity be turned off without notice. Furthermore, we understand and agree to expressly assume all risks of injury and damage to all persons, including ourselves, and all property, without regard to ownership, which may result from the City of Lake Wales authorizing the appropriate utility company to turn on the electricity for the facility or from the exercising of the right to direct that the electricity be turned off as set forth herein. We agree that the City of Lake Wales will not be responsible for any such damages or costs.

In further consideration therefore, we agree to jointly or individually fully indemnify and hold harmless the City of Lake Wales for any claim, judgment, settlement or award, and for all costs and attorney’s fees regarding any claims by third parties that has been damaged by the authorization and commencement of electrical service by the appropriate utility company to the facility or the exercising by the City of Lake Wales of its right to have electricity turned off as set forth herein.

Sincerely,
