8.II. Canvassing Board Appointments

[Begin Agenda Memo]

SYNOPSIS:

It is necessary for the Commission to appoint alternate members to serve on the City of Lake Wales Canvassing Board.

RECOMMENDATION

It is recommended that the City Commission take the following action:

1. Appoint residents Jim Reddick, James Weaver, Jennifer Leeks and Rodney Cannon to serve as alternate members to the Lake Wales Canvassing Board.
2. Designate the City Clerk and/or Deputy City Clerk to represent the Canvassing Board at the Pre- election Logic and Accuracy Testing of Tabulating Equipment (L&A) on Tuesday, March 30, 2021 at 4:00 p.m. The City Clerk is required to attend the L&A Testing but if unavailable it is necessary to authorize a person to attend on behalf of the City Clerk if a Canvassing board member is unavailable to attend the L&A Testing.

BACKGROUND

The City Commission serves as the Canvassing Board and has legal responsibilities related to the conduct of the Municipal Election. However, there are legal rules that apply. No member can serve if he or she is a candidate with opposition in the election being canvassed or is actively participating in the campaign or the candidacy of any candidate who has opposition in the election being canvassed. Actively participating means undertaking an intentional effort to demonstrate or generate public support for a candidate beyond merely making a campaign contribution. Refer to DE 8-10; 09-07.

There are two seats up for election and two of the Commission members are incumbents in the election so those members do not qualify to serve on the Canvassing Board. One Commissioner has excused himself for scheduling reasons. Three members are necessary for a quorum. Even with three members it is still necessary for the Commission to appoint alternate members to serve on the Canvassing Board if a lack of a quorum is created on the Canvassing Board due to the legal rules that applies or any other unavoidable cause. In accordance with Sec. 8-26, Lake Wales Code of Ordinances, the City Commission may appoint the city manager, city attorney, or a resident/s to serve as a member to the Canvassing Board in the absence of the Commission member creating the lack of quorum.

Jim Reddick, Rodney Cannon, Jennifer Leeks, and James Weaver have served on other City boards. The City Clerk recommends their appointment.

9. OLD BUSINESS

- 9.I. ORDINANCE D2020-04 Comprehensive Plan Adoption 2nd Reading And Public Hearing.

[Begin Agenda Memo]

SYNOPSIS: At least every seven years, local governments must determine whether or not amendments are needed to the Comprehensive Plan. The current plan had a horizon of 2015 and was critically out of date. The proposed updated plan will have a horizon of 2040.

RECOMMENDATION

Staff recommends adoption of the 2040 Comprehensive Plan on second reading, following a public hearing.

At a regular meeting on September 29, 2020, the Planning and Zoning Board made a recommendation to City Commission to adopt the proposed City of Lake Wales 2040 Comprehensive Plan. City Commission approved the ordinance at the October 6, 2020 transmittal hearing. The Plan was then sent to the Florida Department of Economic Opportunity and other state agencies.

The City received an Objections, Recommendations, and Comments (ORC) Report on December 22, 2020 from DEO with four items to review (see attached report). The State's comments have been addressed and the Plan is ready for adoption.

BACKGROUND

The City of Lake Wales Comprehensive Plan guides future development of the City and presents a future vision. The Plan includes the following elements: Future Land Use, Transportation, Housing, Utilities, Conservation, Recreation and Open Space, Intergovernmental Coordination, Capital Improvements, Historic Preservation, Economic Development, and School Concurrency.

Keeping the City's Plan up-to-date is crucial, as it is the centerpiece of local planning efforts and creates a healthy framework which guides development. It gives guidance to landowners and developers and establishes long-range goals for the City.

S&ME is the consulting firm that assisted the City with this effort. The City and S&ME hosted a public workshop on Wednesday, July 8th of this year via Zoom, where the public was able to contribute to the conversation, discussing long-term visions and priorities for the City's growth.

The following questions were discussed in the form of "breakout sessions":

- What are our opportunities?
- What is Lake Wales' future?
- Where should we be in 10 to 20 years?
- How do we get there?

Key Updates and changes:

Residential maximum densities have been adjusted throughout the Future Land Use element by category in the following ways:

- Mixed-Use development in the RAC Regional Activity Center shall not exceed 6 12 units per acre.
- Multi-family and mixed commercial/residential use of structures is permitted in the DD Downtown District up to 12 25 dwelling units per gross acre. Residential densities of up to 75 dwelling units are permitted with special approval.
- Residential uses in the NAC Neighborhood Activity Center district permitted up to 6 12 units per acre.
- Residential uses in the RO Residential Office district permitted up to 6 12 units per acre.
- LDR Low Density Residential: 3 5 units per acre.
- MDR Medium Density Residential: 6 12 units per acre.
- HDR High Density Residential: 12 25 units per acre.

These changes are proposed to restore the original densities that were in the Comprehensive Plan from its initial adoption in 1990-91 to when significant changes occurred in 2005-06. By increasing potential residential densities, the intent is to promote intensive development that is appropriate for a municipality.

Other significant changes include the following:

- Lake Wales Connected – Policies have been included to support the implementation of this Plan.
- Future Extraterritorial Planning - Policies are proposed to promote future planning area studies to establish future land use patterns, transportation, utilities and economic development issues, plus explore the possibility of a Joint Planning Agreement with Polk County.
- Information Technology – A policy is proposed to explore the feasibility placing fiber optics and similar infrastructure throughout the City.
- Several Policies related to the recognition of property rights.
- Elimination of Transportation Concurrency in the CRA – this is intended to further promote redevelopment in the Core Area by eliminating a potential barrier.
- Future Bike/Pedestrian Planning – policies to promote the future planning and development of these other modes of transportation are included.
- After the transmittal hearing in October, policies have been added with the intent to adopt a Mobility Plan and implement a Mobility Fee in order to fund roadway and streetscape improvements.

12. CITY ATTORNEY

Albert Galloway, Jr., City Attorney, reported on a property downtown owned by the State of Florida which means someone didn't pay their taxes. He is working to resolve this.

13. CITY COMMISSION COMMENTS

Deputy Mayor Robin Gibson said he would like to rename First Street.

Deputy Mayor Robin Gibson said he is in favor of helping those that are here. Let's help the businesses that are in place. He is not in favor of growth for growth's sake as it leads to sprawl.

Deputy Mayor Robin Gibson said that Tucker Paving did a good job with the YMCA parking lot. It looks good. This is a positive result of a City's partnership with a non-profit like the YMCA.

Deputy Mayor Robin Gibson said he liked the new forms for board applicants. He recommended adding the name of the applicant at the beginning.

Commissioner Howell asked if the inside work at the YMCA is finished. Mr. Slaton said we are largely done with interior repairs and upgrades. The YMCA is making their own improvements too. Some landscaping will be done too. Commissioner Howell asked if there will be a football field added. Mr. Slaton said that possible new facilities will be studied as part of the Recreation Master Plan.

Commissioner Howell asked how long an average complaint to the police department to be investigated and resolved. Is there a time limit. Mr. Slaton said it can vary depending on the case. Sometimes some issues can take longer than it may appear. Chief Velasquez said some cases start small but can grow. An internal case should be resolved in 180 days but sometimes things like COVID-19 can cause delays. He gave some examples. Mr. Slaton said he can find out updates if Commissioner Howell has items she was wondering about. Commissioner Howell said if there are cases still open after a year or even two years that is too long and maybe we need outside help.

Commissioner Curtis Gibson said that in response to citizen questions earlier that the hiring of an Assistant City Manager is up to the City Manager although he supports the need for one. He said in regards to the YMCA this was a good deal for the City and said that Lake Wales residents can swim for free. Commissioner Curtis Gibson then explained about his suggestion to use the money for the Housing Authority to put into the Northwest section for northwest section.

Commissioner Curtis Gibson said that as Covid rates are dropping we should reopen City Hall.

Commissioner Curtis Gibson said we should discuss in a workshop about the EDC (Economic Development Committee).

Commissioner Curtis Gibson encouraged everyone to go to Lincoln Avenue to see the mural.

Commissioner Goldstein suggested we need a city track for athletes in the City. We also need pickleball courts. He suggested activities for seniors. Commissioner Goldstein agreed with the need for a workshop on the EDC.

Commissioner Goldstein expressed the need to encourage the county to do something about Chalet Suzanne Road to address increased traffic. The City needs to look at all of our roads as they are terrible.

14. MAYOR COMMENTS

Mayor Fultz encouraged more public participation as the city grows. He said we need patience and compromise as we try to improve the quality of life here.

15. ADJOURNMENT

The meeting was adjourned at 7:10 p.m.
