8. COMMUNICATIONS AND PETITIONS

Mike Carter, resident, said he was concerned about contracts that don't go out to bid that are over \$35,000. He asked Albert Galloway, Jr., City Attorney, what the precedent was since he said it was legal at the last Commission meeting. Mr. Fields said that Mr. Galloway can research the matter and provide a written response. Mr. Carter asked Deputy Mayor Robin Gibson and Commissioner Stewart as they are attorneys if they agreed that it was legal. Deputy Mayor Robin Gibson said he was comfortable with it because the Construction contract went out for competitive bid and the ordinance does not limit contracts to a year. Commissioner Stewart said she was comfortable with it as well for the same reasons.

John Barnett, non-resident, said turn signs are needed at Central and Scenic. This needs to be done. He asked if the County Sheriff's Office can pull people over in Lake Wales. He said the Lake Wales Police Department does a good job and we should not let the County takes over. Mr. Galloway said the County Sheriff has concurrent jurisdiction in Lake Wales. 9.II. Authorization - Purchase Of Bleachers For Lake Wales Little League

[Begin Agenda Memo]

Synopsis:

The City Commission will consider authorizing staff to expend funds for the purchase and installation of one set of bleachers at Barranco Little League Field.

Recommendation:

Staff recommends that the City Commission take the following action:

- 1. Authorize the expenditure of \$33,495.00.
- 2. Award the proposal to purchase and install one set of bleachers to GT Grandstands.

Background

In 2012 one set of bleachers were removed from the Lake Wales Little League Barranco field after an inspection identified them as unsafe.

The City's Recreation department is requesting Commission approval to expend funds and approve the proposal submitted by GT Grandstands for the purchase and installation of bleachers at Barranco Little League Field. In accordance with Sec. 2-417 (d) (3) of the City's Code of Ordinances, all purchases in excess of Category 1 (\$20,000.00) require City Commission approval.

The city received three proposals for this project:

- GT Grandstands: \$33,495.00
- Belson Outdoors: \$35,832.00
- Builtrite Bleachers: \$37,407.00

Fiscal Impact

The project cost of \$33,495.00 is in the current adopted FY18/19 CIP budget.

Other Options

The City Commission may not to approve the proposal.

[End Agenda Memo]

9.III. Piggyback Annual Contract With USSI , LLC

SYNOPSIS:

Staff recommends commission approve entering into an annual contract with USSI, LLC for the services of infiltration testing using the piggyback agreement from Toho Water Authority. Staff also recommends the commission approve to expend funds in the amount of \$75,970.27 to perform infiltration testing on the sewer system in Lake Ashton.

STAFF RECOMMENDATION

It is recommended that the City Commission consider taking the following action:

1. Approve entering into a piggyback agreement with USSI, LLC utilizing the Toho Water Authority agreement.
2. Approve expending funding in the amount of \$75,970.27 to perform infiltration testing on the Lake Ashton neighborhood sewer system.
3. Authorize the City Manager to execute the appropriate documents, on the City's behalf.

BACKGROUND

Infiltration is when groundwater enters the sanitary sewer system through faulty pipes or manholes. These pipes might have cracks or leaks that let the water in. This can happen because of age, design, installation or maintenance issues or even tree root intrusion.

Inflow and infiltration water is referred to as "clear water," distinguishing it from sanitary sewage water. When clear water gets into the wastewater or sewer system, it gets treated. And when it gets treated it costs cities money. It also takes up valuable capacity within a collection system. This is a problem for cities whose collection system may already be working at maximum capacity. Clear water also takes up valuable capacity at the wastewater treatment facility.

There are several indicators that could indicate there is an infiltration problem within the sanitary sewer system:

- Your lift station pumps run for a long time after a rain event. It has a large number of starts and stops after it rains. This means storm water has entered the sanitary sewer system and is on its way to be treated.
- Pipes back-up. Manholes spill wastewater onto roadways or green space.
- You see significant spikes in flow at your wastewater treatment plant corresponding to precipitation events or high groundwater conditions.

Staff is starting to see some of these same indicators happening within the City sanitary sewer system.

Staff recommends commission approve entering into an annual contract with USSI for the services of infiltration testing using the piggyback agreement from Toho Water Authority. Staff also recommends the commission approve to expend funds in the amount of \$75,970.27 to perform infiltration testing on the sewer system in Lake Ashton and authorize the City Manager to execute the appropriate documents on the City's behalf.

OTHER OPTION

The delay in testing the specified area will continue to allow groundwater to continue to infiltrate the sanitary sewer system causing extended wear and tear on all sanitary sewer system components.

FISCAL IMPACT

The 2018-2019 Capital Improvements Plan has budgeted \$600,000 to address this problem system wide.

10. OLD BUSINESS

10.I. ORDINANCE 2019-02 - Repealing The City's Panhandling Ordinance Second Reading And Public Hearing

[Begin Agenda Memo]

SYNOPSIS: On July 21, 2009, the City adopted Ordinance 2009-19 adding a prohibition of panhandling and aggressive solicitation to Chapter 15 of the Lake Wales Code of Ordinances. As you may be aware, Polk County recently rescinded its panhandling Ordinance after receiving correspondence from the ACLU pointing out constitutional deficiencies to the County's Ordinance. I have reviewed a copy of that same correspondence and the City's Ordinance in light of the cited decisions. I believe it prudent for the City of Lake Wales to rescind its similar Ordinance.

RECOMMENDATION: That the City Commission adopt Ordinance 2019-02 to rescind that portion of Ordinance 2009-19 dealing with panhandling.

FISCAL IMPACT: None.

[End Agenda Memo]

11.1. Ordinance 2019-03 Annexation – 1st Reading Right-Of-Way For Hunt Brothers Road

[Begin Agenda Memo]

SYNOPSIS:

The annexation of the subject rights-of-way will bring into the incorporated city limits portions of both Hunt Brothers Road and Lake Bella Road for Public Safety jurisdictional purposes.

RECOMMENDATION

It is recommended that the City Commission take the following action:

Approve after first reading of Ordinance 2019-03 providing for the annexation of approximately 2,005 feet of right-of-way on Hunt Brothers Road and 200 feet of right-of-way on Lake Bella Road.

BACKGROUND

There has been confusion regarding public safety enforcement along both of these roads. The properties abutting the subject rights-of-way on the north-side are in the corporate city limits. The Fire Chief and the Police Chief have requested that annexation be pursued so there is a clear demarcation between City and County jurisdictions.

OTHER OPTION

City Commission could choose not to annex the rights-of-way.

FISCAL IMPACT

None.

[End Agenda Memo]

Jennifer Nanek, City Clerk, read **ORDINANCE 2019-03** by title only.

11.II. Use Of Public Property By Park Avenue Private School

[Begin Agenda Memo]

Synopsis:

An indemnification agreement is being presented along with a certificate of insurance for use of public property for school activities in Market Place.

Recommendation: Approval with conditions and authorization for the Mayor to execute the agreement is recommended.

Background: A primary/secondary school is a permitted use in the C-1 zoning district. Park Avenue Private School is located at 160 E Park Avenue and utilizes the Market Place area for outdoor activities. Staff understood that they would be using Crystal Lake Park for playground activities. Occasional use of the Market Place was anticipated and the insurance and indemnification agreement should have been in place from the beginning. The School responded when contacted by Staff to execute both of the required documents.

Recently, other merchants and citizens utilizing the area have expressed concern about some of the activity and possible conflicts. It may be appropriate for Commission to condition the use of the public property by establishing times of activity and the duration of the activity for the safety of all involved.

Fiscal Impact: None to the City.

[End Agenda Memo]

Kathy Bangley, Planning Director, reviewed this item.

Commissioner Howell asked if a special event would supersede the school's recess. Ms. Bangley said probably but the concern is more day to day activity. Mr. Fields said that pedestrian access should not be blocked and said that their activities must yield to pedestrians coming through the area. Mayor Fultz suggested some sort of signage alerting traffic that there is a school there. Ms. Bangley suggested requiring a sign put out when kids are outside. Deputy Mayor Robin Gibson said he has seen the kids

play there and enjoys seeing them. The school is a good use for that building. He said signage is a good idea.

Ms. Bangley said she can draft a letter requiring they yield to pedestrians and signage for the mayor to sign. The Commission consented to this.

Deputy Mayor Robin Gibson made a motion to approve the indemnification agreement. Commissioner Stewart seconded the motion.

By Voice Vote:

Deputy Mayor Robin Gibson "YES"

Commissioner Stewart "YES"

Commissioner Howell "YES"

Commissioner Curtis Gibson "YES"

Deputy Mayor Robin Gibson asked about the status of the Grand hotel. Mr. Fields reported that there are no code violations, no permits are open and no activity taking place. He hopes that increased activity Downtown will bring the hotel along. We are not going after it as there is no reason to.

Deputy Mayor Robin Gibson asked about the status of the YMCA. Mr. Fields said that it is under legal review by their counsel. Once approved by them it will come to the Commission in a workshop for review then approval.

Commissioner Howell asked that the City look into getting a turn light at the Scenic Highway and Central Avenue intersection mentioned earlier and anywhere else one is needed.

Commissioner Howell recommended providing suggestions to the City Manager so we can judge them for next year's evaluations. Mr. Fields said that as we get into the budget process for next year some short term goals for himself could be set. One goal could be getting improvements to the Downtown and CRA areas underway. Deputy Mayor Robin Gibson said financing the downtown projects are important and

hopes that there will be efforts to find funds for these. Mr. Fields said we are looking into grants for downtown.

Commissioner Curtis Gibson asked if the 1919 School Building has been treated for termites yet. Mr. Fields said no not yet. The building is being monitored and we are planning an RFP for it. Treating it for termites would be costly and doesn't wish to rush into that.

Commissioner Curtis Gibson said we need to encourage the county to repair Burns Avenue as it needs a lot of work especially near Scenic Highway. Mr. Fields said he would like to take over Chalet Suzanne Road and Burns Avenue from the County if the County brought them up to standards. There would be advantages to this such as being made aware of new developments on those roads sooner.

Commissioner Stewart mentioned that traffic on Scenic Highway going into Janie Howard Wilson Elementary School when students are arriving and leaving is bad. Mr. Fields said he will have Deputy Chief Schulze look at that area and see if something can be done.
